A CONGRESS OF NEGATION

(By Samuel Gompers.)

America must get rid of its veto congress and elect an action Congress.

The "no" congress must give place to a "yes" congress.

The present congress has done little except to apply the brakes and say "no" to one constructive proposal after another.

It has failed us on the peace treaty.

It has failed us in reconstruction.

It has failed us in the high cost of living.

It has failed us in intelligent comprehension of every great question affecting the lives and the welfare of our people.

It has failed to bring the nation back to a peace basis in respect to the repeal of legislation calculated only for the period of actual war and unbearably oppressive at any other time.

The present congress has failed. It has failed with completeness and abandon.

Not only have the sins of the present Congress been sins of omission, but they have likewise been sins of commission. There has been a failure to do right things and almost an eagerness to do wrong things. The war seems to have bred in the mind of Congress a deep-rooted philosophy of coercion. It has clung with desperation to the restrictive and coercive measures which were necessary during the war, and has sought to add to them, though the necessities of war no longer obtain. The most shining example of this is in the adoption of the railroad bill.

There must be a Congress which will turn its face to the task confronting the American citizenship in the true spirit of American institutions. A constant genius for accomplishment must replace an ill-considered mania for restriction and coercion.

America has things to do. It is confronted by enormous obligations requiring positive action. This action has been delayed too long.

America has need for great efforts in the solution of her own domestic problems and she has need for the utmost of intelligence, forbearance and good will

in dealing with her relations to the rest of the world.

No matter how much she may wish to, America can not play the part of a peevish child forever in international relations. The affairs of the world are the concern of the United States. There may be proper limits to which this concern may go, but there is no longer any such thing as absolute divorcement from what transpires elsewhere.

The economic structures of a dozen countries are disrupted, and cannot gain re-establishment on a normal basis for a period of years. Even under the most favorable crop conditions, the food supplies of a dozen countries cannot flow normally for a period of years. Today destitution and starvation are sweeping away thousands of lives. Among our recent allies and among our recent enemies, the spectre of hunger threatens, in addition to the immediate death which it brings, to make stable government a matter of speculation for months to come.

The blind and bigoted action of Congress in refusing to deal intelligently with the peace treaty has made it impossible for the United States to manifest the proper concern in these affairs. The situation in which the country finds itself today is intolerable and must be changed.

Nor does Europe offer the only field for the expression of American ideals in international relations. On our own continent there is the same need. For weeks a senatorial subcommittee has been going up and down the country gathering testimony, the evident purpose of which can be but to inflame the minds of these who think little and who take much on faith. At periods all too frequent the United State is brought to the verge of war with Mexico. It is not difficult to see the evidences of satisfaction on the part of predatory interests at each of these periods, nor is it difficult to discern the propaganda which fosters the development of them.

Falsehood, villification, studied misrepresentation—these are the weapons constantly in use by those who, to serve their

own ends, would precipitate war between these two American republics. It is no longer possible to feel with certainty that high government officials have not been made the tools and pawns of those who seek intervention, the latest term for which is "Cubanization."

At home, across our borders and over the seas, Congress has made for itself a record of failure, a record of stubborn opposition to that which is good, that which expresses the spirit and the idealism of the country, about which the world learned during the war and which built throughout the world for this nation such a feeling of trust and admiration as no nation ever before enjoyed.

In the AMERICAN FEDERATIONIST last month there was published a group of constructive proposals and demands which expressed the needs of the great masses of the American people. These needs are not abstract things. They are actualities of today. They are needs that have to do with the lives of the people as they are lived in homes and work places each day.

It seems difficult for Congress to understand, but the things which most intimately concern the multitudes are such common-place things as prices of commodities, rental of homes, wages received, conditions of employment, the right to speak freely, to write freely, to assemble freely and to move freely from place to place.

Lay upon any of these subjects violent hands that repress and restrict and you enter into the inner happiness and well-being of the masses. You enter against protest and without welcome and you crush out some portion of the fullness of life, some portion of the spontaneous enthusiasm for life, some bit of the spark of life. There can be no repression without destruction. And yet a great portion of the time and effort of legislators in America since the signing of the armistice has been occupied with efforts to conceive and to execute some mechanism or device to interfere with the rights and liberties of the great masses of the people.

One of the intolerable and hated things that was crushed in Germany with the exit of the kaiser and the downfall of his regime, was the "verboten" idea in government. "Forbidden", "thou shalt not", these were watchwords and accursed words in the old Germany. They signified the existence of a power which had the right to deny to others rights and privileges which it could grant to the elect and the favored. It was the right to bestow opportunities by favor, unequally.

Democracy must mean equality of opportunity. It must mean the greatest possible liberty and freedom. It must mean the sovereignty of the masses. It must mean absence of domination by a select

ruling class or caste or clique. The people must rule for the people.

Congress has done much in recent months to indicate hostility to these principles. These principles fired in the souls of men the devotion and the passion which sustained them in the ordeal and the sacrifice by which this nation was established. Out of them came that divine spark of idealism and devotion which is America and without which America can not be.

Powerful forces in the United States are seeking to wound and cripple democracy. They do not want equality of opportunity. They are not only willing but anxious to spend huge sums of money to destroy any possibility of equality of opportunity. They want an unfair advantage. An equal chance is not enough for them. They want an unfair advantage in the industry of the nation, in the legislatures of the nation and in the courts of the nation.

They find satisfaction in the enactment of such measures as the Esch-Cummins Railroad bill, which makes it unlawful for railroad workers to cease work—strike—and the Kansas Court of Industrial Relations law, which makes it unlawful for the workers in that state to cease work—strike. They rejoice in such conduct as that of Judge Gary in the recent steel strike. They applaud every effort to restrain the aspirations of working people for a better, freer and finer life.

The Congress now in session has closed its ears to the great hymnal of sacrifice and service with which the nation's millions plunged into the war to save humanity from destruction. They have forgotten the strains of the great and magnificent chorus of American voices which cried throughout the land, "Take me for service." They have lost the feel of the great pulse beat of America. They have ceased to commune with the great soul of our Republic. They understand no longer the unassuming nobility of character, the heroic eagerness to give and give and give, even unto life itself, for the good of the great human family.

Repress, repress, repress! From whence comes this sullen mood of legislators, this brutal attitude of great wealth? It comes from the deep-rooted desire of those who possess great power to keep that power and to surrender nothing to those who toil and give service to the world.

There is no thought that all legislators and all possessors of power and wealth are of this mould. But deaf indeed is he who hears not the rising rumble of combat and aggressiveness from those who are of that mould and who are all too many for the good of our land and of our humanity.

Humankind is going forward. The mind and the heart of the race has seen to the front a better day. It has dreamed

a great dream. It has been through the fire. It is purer in thought and aspiration today than yesterday, now than before the great conflagration. This aspiration, this longing, this great and noble hope in America lends itself to no distorted field of human action. It has within it nothing of the hideous fantasy that has brought so much ruin and terror to Europe. It is merely and solely that there is in America a solemn and deep determination that there must be progress for humanity—true progress that can be translated into terms of life and freedom for the masses of the people—and that it is possible and imperative that each day there be some small realization of this progress, some small satisfaction of the aspiration that is in men's hearts and souls, some short step forward and onward and upward. The urge to move is in men's souls.

In America, because of our traditions and our institutions, our liberties and our common heritage of intelligence, and because of the discipline and philosophy of our great labor movement, the working people see the way clear, through the use of our established practices, through the orderly procedure of negotiation in industry and of political decision in government. They find these instrumentalities and paths the normal and natural agencies and avenues through which to achieve their purposes.

If those who are entrusted with the making of laws and with the spokesman-ship of capital fail to see these truths, or ignore them out of a mistaken sense of power it will be a serious thing for America, a blasting, blighting thing upon the land which offers to the world the greatest hope and the greatest inspiration.

When the labor movement of America warns against repression and coercion and reaction it speaks for the welfare of the nation. It speaks for the liberties of great masses of toiling men and women—the only voice they have, the only expression that can carry the longing of their hearts and the convictions of their souls to the ears of the world.

When the labor movement protests against the pressure of those who would turn backward the tide of progress and deny the sunlight to lives but just emerging from the dark, it speaks with authority. It utters the cry of humanity—and in this advanced year of our history it gives form to the reasoned, intelligent declarations of the thought of an able, alert citizenship.

The labor movement of America does speak and it must be heard.

It speaks for progress.

It speaks for our established institutions.

It speaks for equality of opportunity.

It speaks for the rights of men and women and of children.

It speaks for the one thing that can save the world and bring solace to its weary spirit.

It speaks in measured denunciation of every vestige of autocracy.

And it speaks with a determination to leave no stone unturned to bring fruition and realization to its aspirations.

Where the effort is made in industry to crowd men and women backward and downward, we will resist and resist and resist, for it is better to resist and lose than never to have resisted.

Where the effort is made in the halls of Congress and legislatures, we will resist and resist and resist.

We will resist with all our power the re-election of those who have been false to the truth which humanity placed in them.

We will resist with all our strength those who have accepted the suffrages of men and women who day by day give service to the country through the toil and thought of their hands and brains and who have then cast aside the obligation to court favor at the hand of greed.

We will resist with equal vigor those who have, without thought and without price turned their minds in legislative work into the channels of yesterday and the methods of centuries now dead.

These we will resist as unworthy of America, as unworthy of the manhood and womanhood of our country, as false to our needs and hopes and aspirations and as incapable of responding to the thought of our time.

There must be progress. There must be positive action. There must be forward motion. There must be an end to negation, an end to repression, an end to that which holds back and thrusts downward the head and the heart of the people of our land.

The American Federation of Labor has called upon the working people of our country to go into the primaries and into the elections, visiting stinging rebuke and defeat upon those who have been deaf to the needs and the wishes of the great masses of our people. At this hour, early in the great struggle as it is, the response is amazing and inspiring. The heart of the nation beats as it beat in the stirring days of 1918.

There is purpose and determination—a non-partisan purpose to send up to speak for us men who will speak the speech that is in us, who will answer to the throb of the nation's heart, who will act in accord with the high purpose and idealism of true American character.

This struggle is the struggle of the American people to shut off forever the encroaching forces of political and industrial reaction.

This struggle is a struggle of America to register a great determination not to be misrepresented.

Party and pronouncement of the past count for nothing. Records and deeds are the measures of men today. By what they have done ye shall know then, and knowing them, mark them for defeat and rebuke!

This is America's great testing of spirit and purpose.

This is America's opportunity to bring joy to the soul of freedom.

Defeat every enemy!

Elect those who are true!

Solidarity and unity of purpose today can only mean a magnificent advance for human freedom, a definite measure of progress won and held for all time and for all humanity!

Decisions Railroad Board of Adjustment No. 2

Docket 1205—February 16, 1920—Louisville & Nashville Railroad and Federated Shop Crafts.

Question—Electrical worker or helper.

Facts—M. B. Stephenson was employed as electrical worker helper November, 1918, in the general office building at Louisville, and classified and rated as such. The committee claims he has been doing electrical work such as general repairing of lights, wiring, and fixtures, and also some electrical work during the absence of the regular electrician. If such work was performed by him it was done without knowledge of the supervisory officers, and when their attention was called to the matter he was ordered to discontinue this practice.

Employes' Position—Mr. Stephenson was employed November 8, 1918, and rated as helper. He had 16 months' experience in general electric work when employed by this railroad. He has worked regularly at first-class electrical workers' work since the date of his employment. The work consists of maintaining the electrical equipment in the general office building (which is 12 stories high), the union station two large freight houses, a round-house, the yard lighting in the main yard, numerous small offices and buildings in yards and four office buildings in the city. The railroad has one electrician whose duty it is to maintain all the above work. Stephenson was employed to help out in the work, yet he has not been worked as a helper. He reports for work at 7 a. m., has 30 minutes for lunch, and quits at 3:30 o'clock, while the electrician begins work at 8 a. m., has one hour 30 minutes for lunch, and quits at 5:30 p. m. Stephenson has actually worked with the electrician on some occasions, yet not as a helper; when the rewiring of new office space, or other large heavy jobs made it necessary, Stephenson would be used as a mechanic. However, for more than half his time he has worked alone hanging electric fixtures, running metal conduit and making repairs to electrical equip-

ment in general. On December 31 he was instructed by his foreman to discontinue performing the work of a mechanic. As he was hired after July 25, 1918, and cannot show 4 years' experience in the work of his craft, he should be removed from the service and paid the minimum mechanic's rate for period he has worked.

Railroad's Position—If this man performed mechanic's work as claimed in the statement of facts, it was without the knowledge of the supervisory officers. We, therefore, deny the responsibility for his performing such work. He was rated correctly as a helper, which was the class of service he was employed for.

Decision—The employe in question, having been employed November, 1918, as a helper, shall not be allowed to perform mechanics' work, and shall be assigned the same hours as the electrician he helps.
Docket 1083—January 9, 1920. Southern

Railroad Building, 1300 Pennsylvania Avenue. Delaware, Lackawanna & Western Railroad and Lackawanna System Federation.

Question—Classification of Edwin Camin in electrical department.

Employes Position—Camin was hired on or about August 15, 1918, as an electrical helper. The fact that he was a plumber with several years' experience had some bearing upon his employment, inasmuch as the practice always in vogue in the electrical department was that all or nearly all general electricians were promoted from the ranks of helpers, there being no regular apprenticeship rule in effect. Therefore his qualifications as a plumber and his being able to do soldering and other work connected with the plumbing trade had a decided bearing upon his employment, because some of his qualifications had a practical and positive bearing on the electrical trade. Shortly after the issuance of Supplement No. 4 to General Order No. 27 he was put on the graduated rate as per Section 2-A,

Article II of said Supplement, and was thereafter required to do a certain amount of electrical work, sometimes as helper to an electrician and at other times alone. On July 1, 1919, he was reduced from the graduated rate to helper's rate of 45 cents per hour. The management should be required to pay him the 68-cent minimum from the time of his promotion as helper until the time of his demotion.

Railroad's Position—Camin was hired August 16, 1918, as electrical helper, and was paid \$2.83 per day of 8 hours. On October 15, 1918, this department received authority to apply Supplement No. 4 to General Order No. 27, and Camin was rated as a helper at 45 cents per hour, as per Section 2, Article III. Upon being advised of this new rate he objected on account of there being no provision whereby under this rating he could become an electrician. As he was a plumber by trade previous to coming with the electrical department we considered that he could be rated under Section 2 of Article II, and he was so rated and paid 50 cents per hour. On June 10, 1919, we received a copy of Docket FB-261, in which the decision was rendered that Section 2, Article II, could only apply to employees in the service prior to July 25, 1918. On July 7 Mr. Camin was advised it would be necessary to demote him and rate him under Section 2, Article III. During the time he was paid under Section 2, Article II, he at all times worked under an electrician as a helper. At times the electrician was assigned two locomotives to equip, and for a total of 4 or 5 days the electrician had Camin, under his supervision, working on one locomotive while the electrician was working on the other.

Decision—It is not permissible to employ any persons other than apprentices to do the work of mechanics after July 25, 1918, unless they have had four years' experience in the work of their craft; therefore it was proper to demote Edwin Camin. However, he shall be paid not less than the minimum rate of 58 or 68 cents per hour during the period he was employed as an electrician, the effective dates being from August 16, 1918, until June 30, 1919.

Docket 1082—January 9, 1920.—Delaware & Hudson Railroad and Delaware & Hudson Federation.

Question—When is higher rate applicable to employees temporarily occupying higher rated positions? Are the agreement provisions in this respect abrogated by General Order No. 27, supplements, addenda, amendments, or interpretations thereto?

Employees' Position—Prior to issuing of General Order No. 27, Supplements Nos. 4, 7 and 8, and Addenda to Supplement No. 4, our agreement read: "An employee going to a higher rated position shall occupy same for 15 continuous days before

higher rate shall be applied." This agreement has been in force since August 15, 1915. The orders issued create a more favorable condition for said employees.

Railroad's Position—Article 17 of our agreement provides: "If a mechanic or helper is placed in a higher rated position he shall receive the higher rate of pay when employed continually for 15 days or over." In the contention of the employees it is held that Article II of Addendum to Supplement No. 4, Article VIII of Supplement No. 7, and Article IV of Supplement No. 8, produce a more favorable condition than that provided in their agreement and therefore the article in the agreement is abrogated. We contend that in General Order No. 27 certain provisions were made for the application of rates of pay for mechanics, apprentices and helpers; and Supplement No. 4 was issued with the understanding that it provided for a specific class of employees. There is nothing in the original order or Supplement No. 4, its addenda, amendments and interpretations, which abrogates Article 17 of the agreement. Supplements Nos. 7 and 8 and the Addendum to Supplement No. 4 had to do with an entirely different class of employees; therefore, in so far as this question is concerned, the supplements referred to do not in effect cancel that clause of the agreement. To concede the employees' contention would raise a question as to the right of all employees, irrespective of their class of service, coming under General Order No. 27 and its supplements, to select therefrom and claim any working condition more favorable to them. In our opinion the supplements to General Order No. 27 have been issued with a view of taking care of each particular class of service, and the supplement applied to such service is the governing factor in applying the order. Therefore this article in the agreement is not canceled by General Order No. 27, addenda, amendments and interpretations thereto. In so far as the incorporation of all supplements into any new agreement is concerned, we would only be expected to incorporate the rates of pay and conditions of Supplement No. 4 and its addenda, amendments and interpretations, that would be applicable.

Decision—Article 17 of agreement between the Delaware & Hudson Railroad and the Delaware & Hudson Federation will be applicable to employees covered by that agreement until it is superseded by the National Agreement.

Docket 1095—January 15, 1920—Chicago, Burlington & Quincy Railroad and System Federation.

Question—Electrician's claim for full rate.

Employees' Position—Louis Mattson, employed at Galesburg as an electrician,

was rated at 32 cents per hour prior to application of General Order No. 27 and Supplement No. 4. He was performing mechanics' work and paid the minimum rate, which we contend was the lowest rate paid by the railroad at this point to men performing work recognized as mechanics' work; he should be paid 68 cents per hour, retroactive to January 1, 1918, regardless of his years of experience, as per Docket AG-723.

Railroad's Position—Louis Mattson was properly rated under Section 2, Article II of Supplement No. 4. The minimum rate for electricians at Galesburg shops December, 1917, was 52 cents per hour. At that time, not having the requisite four years' experience, Mattson was rated at 32 cents per hour. Sustaining the employees' contention would mean the elimination of all step rates, to which we cannot agree, inasmuch as Supplement No. 4 and the National Agreement both provide for step-rate men with less than four years' experience and the Director General recently instructed that service letters be issued to step-rate men leaving the service in order that they may have the benefit of their experience in the trade and be rated accordingly when entering the service of another road, all indicating the intention of continuing step rates until these men have attained the required four years' experience as mechanics.

Decision—If Louis Mattson had four or more years' experience as an electrician prior to July 25, 1918, he will be paid not less than 68 cents per hour, effective January 1, 1918. If not, he will then be paid as per Section 2, Article II of "Supplement No. 4 to General Order No. 27."

Docket 1086—January 16, 1920—Chicago Great Western Railroad and Mechanical Department Employees.

Question—Experience and full rate.

Employees' Position—All men performing work outlined in Sections 1, 2, 3, 4, and 5 of Article I, Supplement No. 4 to General Order No. 27, who were in the service of the railroad prior to July 25, 1918, should be paid the minimum rate of their craft, as provided in Sections 1 or 2 of Article II of Supplement No. 4, or Addendum No. 2 to Supplement No. 4, regardless of years of experience. The minimum rate herein mentioned is the lowest rate paid at point employed, and not "going rate" as applied by the railroad.

Railroad's Position—All rates have been applied in accordance with Section 2 of Article II of Supplement No. 4 to General Order No. 27. If the employees' contention is sustained there would be no one on this railroad to whom the provisions of Sections 2 or 2-A of Article II of Supplement No. 4 to General Order No. 27 could be applied.

Decision—Employee in question who were in the service prior to July 25, 1918,

and performing the work of mechanics as outlined in Article I of "Supplement No. 4 to General Order No. 27," and were paid not less than the minimum rate for class of work performed at point employed, regardless of their years of experience, will be paid not less than the minimum rate as provided for in Sections 1 or 1-A Article II of "Supplement No. 4 to General Order No. 27," effective January 1, 1918.

Employees who were in the service prior to July 25, 1918, and were performing the work of mechanics as outlined in Article I of "Supplement No. 4 to General Order No. 27," and were paid less than the minimum rate for class of work performed at point employed, and who have not had four years' experience, will be paid the rates provided for in Sections 2 or 2-A of Article II of "Supplement No. 4 to General Order No. 27."

Employees performing work classified in "Addendum No. 2 to Supplement No. 4 to General Order No. 27," will be paid the rate provided for therein, effective September 1, 1918.

Docket 1111—January 16, 1920—Delaware, Lackawanna & Western Railroad and Lackawanna System Federation.

Question—Electrician helpers' classification.

Employees' Position—We have on this railroad several men, employed after July 25, 1919, who were given positions with the classification of helper and paid the 45-cent hourly rate. It has been the practical policy of the electrical department to hire a man as a helper to the electrician and afterwards, when he has become proficient through his experience as a helper, to promote him to position of electrical worker. This was necessary on account of there being no apprenticeship system in that department. Therefore, as can be surmised, these helpers were given a considerable amount of electrical work to do, sometimes in the capacity of helpers, and at other times, although working with a mechanic, they were really a considerable distance away from him and working independently of him, in that while they were under his supervision they performed electrical work alone. They have been required to furnish one five or six-foot rule, jack-knife, 8-inch cutting pliers, 7-inch gaspipe pliers, 14-inch pipe wrench, clawhammer, 8-inch screwdriver, and one 3-inch screwdriver. In addition to these tools they had access to all the tools the electrician with whom they were working had in his tool box, and used them when necessary. Therefore as they were required to furnish and use these tools and performed work as classified in Article I, Section 5, Supplement No. 4 to General Order No. 27, from date of employment, they should be paid as per Section 1, Article II, of Supple-

ment No. 4, and should receive back pay from time of employment to May 1, 1919, as per Section 1, Article II, Supplement No. 4, and 72 cents per hour from May 1, to October 20, 1919, at which time they were told to discontinue handling all tools.

Railroad's Position—Helpers in question include helpers on the entire system. Employees' position in this case particularly refers to helpers at Scranton shops, particularly in the work of wiring locomotives for electric headlights; the tools mentioned in employees' statement were required only by helpers at Scranton. Our claim is that all the helpers mentioned are helpers to electrical workers, assisting them in their work, and they have not been required to do, nor are they capable of performing, work as classified under Section 5, Article I, Supplement No. 4, as all of them have been hired since July 25 with practically no previous experience. The question is, what work can be performed by a helper to electrical worker. If electrician helper cannot use tools to assist the electrical worker he cannot be of any assistance to him. For example, an electrician is assigned to install some lighting in a building

which requires the installation of iron pipe conduit; he may be running conduit on the ceiling; he makes a measurement for length of conduit required, and tells helper to cut it off and thread it, which requires the use of manually operated hacksaw, stock and dies; after the conduit is installed the helper assists the electrician in pulling the wires into the conduit; the electrician may then ask helper to cut the insulation from the wire so that joints can be made. In any case where the electrician has a helper assist him he may ask the helper to do certain classes of work which might be considered mechanic's work; the practice could not be stopped unless we had a foreman to watch the electrician to see that he did not use his helper to do what might be called electrician's work.

Decision—The men in question employed after July 25, 1918, as electrician helpers, are properly classified as such. They will not be permitted to do mechanics' work as outlined in Sections 5 and 5-A of Article I, Supplement No. 4 to General Order No. 27. However, for the time they were improperly used on mechanics' work they will receive mechanics' rate of pay.

Around the Circuit.

Representative Slattery reports a settlement in behalf of L. U. No. 31 of their differences with the employers in Duluth and vicinity. A wage scale of One Dollar is included in the settlement. This provides the membership of Local Union No. 31 an increase of 20c per hour. A corresponding increase for helpers is provided for in the agreement.

The members of Local Union 53, employed by the Power & Light Company, Kansas City, assisted by Representative O'Neill, have obtained a sixty cent wage increase, without suspension of work.

The members affected have received \$1.85 increase during the past year, and a change from nine to eight hours in the work day.

L. U. No. 1071, Battle Creek, Mich.

Local Union No. 22, Omaha, Neb., have entered into a new agreement with the employers in their City, which provides a wage scale of \$1.50 per hour.

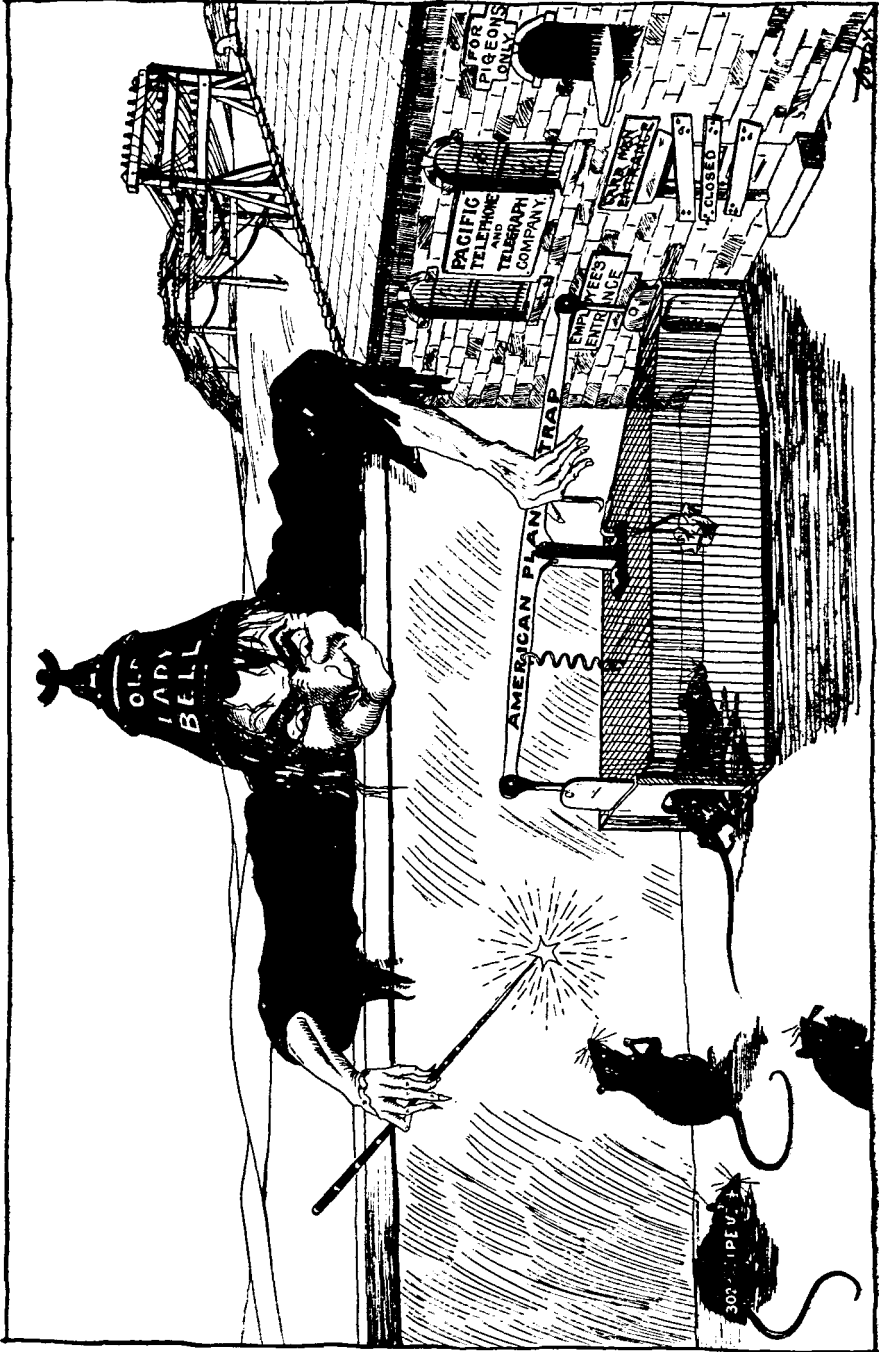

The agreement was obtained without any suspension of work or unpleasantness on the part of the parties interested.

Traveling members take notice that we are having some very serious labor troubles in Denver. Our agreement expires May 1, and general difficulties are arising. Injunctions may be granted against the building trades. The plasterers, lathers and carpenters cases are in court at this writing and conditions may arise, which will make it very inconvenient to handle traveling members. Local 68 always welcomes them as brothers, and endeavors to do all it can for them. Also the many letters we receive from various locals asking for assistance, are always given due consideration, and we would help them all if our finances would allow it, but the best we can offer at the present, is our regrets by return mail, and encourage our sister locals until some other time when we may do better. It is hard to refuse. But it looks as if a battle line was forming for us to pierce. We have Brother Rhode here with us a few days, and his advice and encouragement meant much to our board. We are hoping for his return about May 1, 1920.

Respectfully,
C. O. Krause,
Press Sec.

EDITORIAL

FEDERATION OF LABOR'S POLITICAL CAMPAIGN GROWING

The growth of the American Federation of Labor's non-partisan political campaign is very encouraging and exceeds expectations. Assurances of support from all points are being received by the committee in charge. It is evident the workers are aroused and determined to relegate to political oblivion those public officials who have betrayed their trust; and elect to office those who will impartially consider the interests of all the people and not serve entirely the interests of Organized Greed.

Organized Labor asks no favors, does not desire or expect any special consideration. All Labor requests is that the interests of all citizens be served in an equitable manner by the Nation's law-making bodies and administrative authorities. Labor has no selfish desires to satisfy. Simple justice to all citizens and elimination of special privileges is Labor's aim.

The Federation's political policy is one that all good citizens can consistently support as it is designed to establish equality of rights—nothing more or less.

Old school politicians are greatly alarmed and are next to panicky over the Federation's political activities, and are using every scheme and deception to offset the non-partisan political movement.

Propaganda is being spread, endeavoring to create the impression that Labor is entering the political field for selfish reasons and on account of Labor's disappointment over not receiving legislation favoritism. Nothing is further from the facts. Organized Labor has no quarrel with public officials who have discharged their duties in a manner representative of public good; but Labor has a grievance, the same as all other citizens, against public officials whose activities have been largely, if not entirely, in the interest of Organized Greed.

All citizens recognize the fact that profiteers have had a free hand and no substantial effort has been made by those in authority to protect the public from the twentieth-century pirates that have been preying upon the public. Surely, a desire to defeat such public servants can hardly be called selfish. Labor, at least, thinks it is not selfishness and believes the great American electorate will think the same.

The wealth-producing many are daily harnessed to their tasks for the profit of the wealth-gathering few, and while the profiteers continue to reap their harvest, our National Congress is busily occupied scheming to enact laws that will shackle the worker to his job and establish a condition of industrial slavery, allowing profiteers to go merrily on their way undisturbed, making no efforts to enact legislation to curb their piracy.

To correct such situations, Labor has committed itself, and seeks the support of all good citizens.

Never in the country's history have the common wealth-producing citizens so much to lose or gain in an election. Organized Capital is standing loyally behind its friends in public office, sparing no amount of money or effort to retain them in office. Millions, if not billions, of dollars will be spent by Organized Capital to retain control of the next Congress. If

the voters of the country vote with the forces of Organized Greed and return their representatives to office, we may well look for an orgy of exploitation unparalleled in history.

Confronted with these possibilities, it is the duty of every voter who believes in democratic institutions and honest government and who is opposed to special privileges for the few, to give his whole-hearted support to the Federation of Labor's non-partisan political campaign.

If you have not already taken an interest in Labor's political activities, you are urged to do so. Those, who in the past have shown allegiance to a political party, are urged to, for once, declare political independence and keep in mind the fact that the Federation of Labor will play no favorites,—Democrats, Republicans, and all others will be treated alike; and efforts will be made to elect or defeat, as the individual candidate's record merits, irrespective of what party affiliations he may have.

The wealth-producing voters are urged to vote and work against their enemies as sincerely and consistently as Organized Greed is supporting them.

THE RAIL-ROADS During the period the railroads were under Government management, company agents were constantly spreading propaganda for the purpose of discrediting Government ownership or control. Among the favorite arguments used was the criticism of service and exorbitant rates. The railroads have been back under management of private ownership a matter of three months, and the country is now confronted with transportation paralysis unparalleled in the history of railroads.

There seems little question that the present transportation conditions have been manufactured for the purpose of providing the railroad companies with an excuse for appealing for higher rates and immediate control of the infamous "revolving fund" provided by the Cummins-Esch Bill; and with the further excuse of endeavoring to convince the public that more drastic anti strike legislation is necessary, using as an argument, in support of the latter contention, the recent outlaw strike as being largely responsible for the present traffic congestion.

There is no question but what the railroads are determined to regain the strangle-hold that they had on the public and their employes prior to Government management of the transportation systems. Railroad managers have learned considerable during the past three years. They now realize that they cannot do things in the "Public Be Damned" fashion, as the public resents many things formerly allowed to go unnoticed.

The Cummins-Esch Bill was enacted over the protest of Organized Labor, the organized farmers and small shippers. Labor claimed that the law gave the railroads unfair advantage over the public; that the law did not provide any practical methods of adjusting labor difficulties.

The contentions of Labor have been well-proven. The law has only resulted in further stimulation of the unrest and dissatisfaction among the employes and completely failed in a general way as being adequate to furnish the country with proper transportation facilities.

Proud indeed must the law-makers be who are responsible for this vicious piece of legislation, which has failed to serve any purpose except providing the railroads with a golden harvest and the country with the inconvenience of traffic congestion.

Organized Labor can, at least, gain consolation from the fact that the arguments presented against the law were sound and meritorious.

**HOLD YOUR
LIBERTY BONDS!**

Many holders of Liberty and Victory Bonds may feel alarmed at the depreciation of values of those securities and be inclined to dispose of them.

To do so, would be an unnecessary sacrifice and would give the financiers of Wall Street the chance of making profits off of the individual holder's losses.

The Liberty and Victory Bonds are without question the best security and investment in the world—just a little better than the number of dollars they represent, as a like number of dollars in your pocket bear no interest while the bonds do.

Rather than dispose of bonds at this time, it would be advantageous to increase holdings at the present market price if possible.

Don't be stampeded by the present manufactured market condition. The bonds are as safe as any bank deposit could be and give a larger earning in return. The bank you now deposit your money in is now investing your money in Liberty Bonds on account of the unusually attractive price.

Holders of bonds, who have clipped the last coupon, should exchange the temporary for the permanent bond. This exchange can be made at your own or the Federal Reserve Bank. The following table has been compiled for your information, giving the title of bond, date of last coupon, and exchange date:

**PRESIDENTIAL
CAMPAIGN EX-
PENDITURES**

The United States Senate is making, at least, a pretense of inquiring into the stupendous amounts of money being spent by some of the aspirants for presidential nomination. Much food for thought is provided by some of the disclosures brought out during the inquiry.

It is to be hoped that the investigation may go far enough that it will furnish an explanation why one individual contributor gave nearly one-half million dollars to assist General Wood to obtain the presidential nomination.

We hope that the contributor, Colonel Procter, millionaire soap manufacturer of Cincinnati, Ohio, is moved only by love and friendship for the General and that no reciprocal consideration is provided in the transaction.

L. U. NO. 2, ST. LOUIS, MO.

Editor:

Well Brothers since the last letter the strike of the Kinlock Tel. Co. has been called off by a vote of Local No. 2. On Friday, April 30th, some of our worthy Brothers saw fit not to pay the strike assessments and it was very hard to keep it up without any money coming in. It kept the treasure broke and caused a lot of dissatisfaction among the loyal members, but just two weeks from calling the strike off Judge Faris of the U. S. District Court saw fit to dissolve the restraining order against Local No. 2. Our case came up in this court on the 12th of March and it took the Judge two months to hand down his decision. Judge Faris based his decision on the labor provisions of the Clayton Anti-Trust Act. These provisions, which he quotes in his opinion are held by the Judge to permit employees to quit their employment singing or in concert, so long as they use peaceable means to hold peaceful meetings and to conduct picketing in a peaceful manner. So you can see how long it takes a U. S. District Judge to hand down his decision on a labor organization.

The law suit brought against the Bell Tel. Co., Wagner Elec. Co. and the Employers' Association and others by the Brothers who were framed during the Bell Tel. strike in June, 1919, was recently tried. A great moral victory was obtained for the Brothers representing the Brotherhood during the strike. Vindication was obtained for the sisters involved, which itself means more than money, because of these people were successful in fixing such a name on the girls as they wanted the girls could never have lived down the affair.

The verdict found by the jury was against the two employers of the Employers' Association, who engineered the frame-up. Major Rogers, one of the men, was Vice-President of the Employers' Association until Jan. 1st, 1920. This is the same Major who was a conciliator from the Ordinance Dept. of the U. S. A. during the war and was sent into St. Louis to settle strikes that affected things. The Government needed one big strike, in particular that he handled the Wagner Elec. strike where 2800 people were involved and the strike was lost. The Union Elec. was another. So you can readily see how the Major connected himself with the Employers Association after his discharge from the army. The other man was H. H. Stacey, who did carry a card in the Int. Association of Machinists. This man was secretary of the strike committee that handled the Wagner Elec. strike.

While representing the strikers, it appears that he was in the employ of the company. Due to the fact that Stacey was a supposed union man he was in close contact with the officials of the Locals, so you can readily see that everything started by our officers was blocked before it got started. I might add that cancelled checks produced in court showed that \$7,000 was spent by the two men in framing the Brothers. Having out-lived their usefulness for the Employers' Association they had to get themselves another job, so they

have started an employment office known as the Mid-West Employment Service Co., and I suppose you can guess the kind of people they employ. Their main office is in the Arcade Building in St. Louis.

Brother Walter Brown, better known as gold tooth Brown, blowed in about a month ago from the sunny south. He said he had not seen any snow all winter and he sure did look it, as he had a nice red face and a good complexion. He said after being in St. Louis about two days that he picked up three pounds, so you can see that the meals he had at Buttlers done him some good. He said Louies' wife was some cook.

I will close for this time with best wishes to all.

Fraternally,

J. Trebilcock,

P. S.

At the sound of the gavel, Local No. 12 has stepped in line with her brother locals all over the states. We have without a descending vote been awarded an increase in wages by our employers who took the matter in hand and thoroughly investigated every side and by these findings we were advanced 10 per cent which we accepted and to finish all old work at old scale.

We expect to go ahead but am sorry to say that since our negotiations, living expenses have advanced 22 per cent, so where are we. Brothers it is Hell anyway you take it. Of course as long as a system that will be used for profiteers and backed by the laws of our land we can expect nothing else and as long as money is so plentiful, why worry. The bottom will fall out after a while then Congress the Legislator and boys you had better get busy and vote and whatever you do vote right. There can only be one head to anything and that head must lead and get your dope from the A. F. of L. and stick. Stand clear of politicians, especially the old timers for their records show who they are for. We do not want the earth, but a living and to treat our fellowmen just and honest. Have our dollars worth what they were twenty years ago and expenses accordingly, then we could live without dread and worry and be able to look every man in the face.

We are very glad that election time is drawing near. Then when a man appears in public he will be safe from the Reds and I. W. W.'s. At least he will not be called one.

Best wishes to Denver, Colorado Springs, and Greeley. Be sure and register.

A few lines for the Worker and the Brothers at large. We are still out against the public service and as far as we are concerned we can stick for ten years. The Company has quite a few ground men and a few scab linemen, also a very few cable

splicers. So all in all we should worry. We have all the boys working and expect quite a little work in the near future, but the R. R. men have all the material tied up, so we will have to wait and hope they will win out soon. There is about 8,500 R. R. men out around this neck of the woods.

Our sister Local No. 20 has a strike on with the B. R. T. Co for operators, and we are living in hopes that they will take a crack at the New York and Queens. The Richmond Power & Light Co. has given the boys a raise and if the other larger companies can be brought to time we won't have any trouble in getting the same for the boys of the Richmond Light Co., as I have found the officials fair to deal with.

Some of the scabs have left the Public Service Co. and one in particular is Clifford Fowler. He comes from Los Angeles, Calif. So if he drops in on any of the Locals, just keep him on the go as he is under a \$250.00 fine here in Local No. 15 for scabbing.

Brother Healey is still on the sick list with a broken leg and we all wish to see him on the go again. He has laid his crutches to one side and grabbed a black thorne cane with a fine big knob. Look out as this is a bad weapon in a fight.

All Linemen take notice and get a Black thorne stick pin for scabs. We had a conference with the Public Service Co. officials and they state the boys could go back to work for six dollars per day, and there was some rush, like—. You know that laborers get more than that per day and take no chances.

We have the Jersey City Base Ball park and team on the unfair list for the part they played and they sure have some crowds, as many as 50 people at a game.

We raffled off the watch and it was won by Brother A. Campbell of Trenton, N. J., and I will have to take this way of thanking all the L. U. that helped us in our need, but I am very sorry to state that some of the Locals thought we were out to Gold Brick then, but we will get our chance as every dog has his day.

If all Locals were like Local 211 of Atlantic City, 164 of Jersey City, 52 of Newark, 101 of Patterson, we would not have to raffle off a watch.

Well as the time grows near I will have to close and hope to tell you in my next letter that all the linemen have been raised around this part of the country.

Fraternally,

W. R. B.,

Editor:

I am sorry that I missed last month's issue, but was attending the Convention of the Pacific District Council in Oakland and did not get back in time to get a letter in.

Aside from our unpleasantness with "Ma Bell" things are looking up with L. U. 18.

The strike against the Telephone Company is still on and as far as the members of this local are concerned, is on until they do business with us. We hear that the Company is getting along alright, but the

men on the job with whom we talk are far from satisfied and have many complaint to register regarding the working of the "American Plan" but have not the moral courage of their convictions.

In face of the dislike which almost amounts to hatred of the system under which they work, and the continual fear and mistrust that they hold, of that system, it is only natural to conclude that they can not be efficient.

It seems peculiar to me that men who are as familiar with Labor as the officials of the Pacific Telephone & Telegraph Company, in view of the fact that we went along here with them under agreements for these many years, cannot see that they would be money ahead to continue their dealings with the Brotherhood.

Local Union No. 18 is getting along in fine shape. We have a fine organization who are working hand in hand and will soon be as good as the best local union in the Brotherhood.

Local Union No. 851 have amalgamated with us, there now being one L. U. where three existed before.

We have initiated twenty-one applicants already this month and have twenty-five applications on file awaiting action by the Board.

We particularly ask that all members remain away from Southern California for the present as we are working hard to perfect our organization, and there are enough mechanics here now to handle all fair work.

We again ask that the Secretaries send us the names of all men sending in dues from any point in Southern California. It is a bad thing to have to admit, but we have found men on unfair jobs with paid up cards in their pockets, and to eliminate this, we must have the co-operation of every Local Union in the Brotherhood.

International Representative Rohde is back with us for good and we expect great things in the near future.

We have lately been favored with the presence of Brothers Slattery, Jackson and Robbins, each of whom contributed their mite towards cleaning up a most unsatisfactory situation.

Our Local Union has been honored by the International, in the choice of Brother Carl Love as a representative of the Brotherhood at the A. F. of L. Convention.

We expect great good to come from the re-organization of the Pacific District Council.

The Council seems to be something that the Outside Electrical Worker on the Coast cannot get along without. The fact that it brought us all the good ever received by us cannot be denied or forgotten, so we have put it back, with an Executive Officer of the Brotherhood at its head and the consensus of opinion is that it is the light that will lead us out of the wilderness.

Here's hoping that we will have a lot of good news next month.

Fraternally yours,

Press Secretary.

Brother Homeguards and Floaters:

I take the pleasure to announce that Bro. James Lafland (The Newark Cat) has taken that final obligation in the seas of matrimony, and I will say that I knew that Brother James never feared man nor corporation. But we sure will have to give

him a bundle of credit for entering into a life long contract at the present H. C. L. for the Brother is only an amateur in the bonds of matrimony, but with our blessing and best wishes that he has nothing but everlasting love and happiness and that his troubles be "little ones."

Pop James, O, boy!

L. U. NO. 24, MINNEAPOLIS, MINN.

Editor:

This is to advise you that the sun is shining on both sides of the street, the trees are beginning to bud, and the grass is beginning to grow in Minnesota. We are beginning to have a few transients drop in and a number of our boys have begun to travel.

Some time ago Local No. 23 and 24 decided to appoint a wage scale committee and gather information preparatory to preparing a wage scale. This committee got busy immediately and a short time afterwards the five companies, both telephone and light in this jurisdiction, handed their boys a check on pay day with an additional half dollar added thereto. Of course, this was because they like their dear employes so well, and I am sure that the fact that we had a wage scale committee had nothing whatever to do with it. We have quite a number of men on out-of-town light and power work, and so far the prevailing wage is \$125.00 with expenses, and no man should work for less. It is our ambition in the near future to establish a rate of at least \$5.50 a day, or \$140.00 a month for that kind of work. We are doing everything we can in this territory to help ourselves. We are considerably handicapped and have met with considerable opposition. However nothing has stopped

us yet and in the writer's opinion nothing is going to.

We have one brother who was a loyal member during the memorable telephone strike of 1918-19, James Duffy, a cable splicer for the Northwestern Telephone Company, who has been sick now over a year. We have taken up a collection for him and do what we can in his behalf. We are now asking the different organizations to contribute to a fund for his relief. We have tried to contribute a little to nearly all appeals that have come to us and trust that the brothers throughout the country will respond accordingly in his behalf.

With best wishes, I am

Yours fraternally,

E. M. Stanchfield,
Financial Secretary.

I will now let you know the condition of Local 42. We have been on strike against The Utica Gas and Electric Co. for two weeks. The said company brought 97 rats of strike breakers Logan snakes in from New York to break the strike but the bay still holds pat. No cold feet in Local 42. So Brothers don't come to Utica for you will find no work for men. Rats is all the U. G. & E. Co. wants now. There will be no travelers accepted as in Article 23, Section 8 of the By-laws. So stay away from Utica, New York.

Yours fraternally,

T. Rose, P. S.

Editor:

We desire through the Medium of the columns of the Worker to thank the many Local Unions who have donated money to assist us in the strike against the Pacific Telephone and Telegraph Company, and we assure each and every Local who has responded to the appeal for aid that we sincerely appreciate what they have done.

We have compiled a list up to and including the 26th of the number of Local Unions donating and their location for the benefit of all concerned. Checks are coming in every day and we are hopeful that funds will arrive in sufficient amount to materially assist the strikers in staying off the job. In which case we believe we will be able to force the Company make a satisfactory agreement with us.

Again thanking each and every Local for their assistance in this instance, we remain

Fraternally yours,

T. C. Vickers, Chairman.

Editor:

With pleasure I received the white ballot of Press Secretary, which once more gives me the opportunity to express my opinions as I see them. Perhaps from my narrow point of view. But it is our duty to ourselves and to our fellowmen to say what we have in our mind and if right to rejoice in our knowledge and if wrong to stand corrected, and rejoice with our opponents. Arguments are good for the mind and body, although sometimes hard on the body, but still a great satisfaction to one of the party. Undoubtedly we had a great convention, but most undoubtedly they had a greater caucus. But nevertheless it helped to facilitate business. So let's have more of them. It develops the mind and brings us in touch with each other before the final issue. It also gives the Labor skate his opportunity to show his wares. The old time idea that the member of a Labor Union who flirted with politics was

a slacker to organized labor and we put every article in his way. We were the boobs who were putting sand in our own running gear instead of helping to develop the machinery we now sorely need. The Labor Skate has tried in his own way to show us our duty to ourselves. He has pryed at the door of politics and where admitted generally helped his fellow worker. He, when showing too much ability, either had to go with the powers that be or go in the discard, simply because we had no use for a Labor Skate who could see 25 years ahead of us. So let's go. We still have the ballot left us, and with the women voting, they will be able to show some of the ballot slackers how to protect themselves by dropping the undesirables and voting for your labor candidate. Endorsed by your labor party I would like to see all Labor Unions fine each member \$10.00 who does not cast a ballot at the Union Elections, unless sick or out of town. By so doing the dodger may get in the habit of going to the poles on election day where he rightfully belongs. We contemplate sending and stay away notices. Watch out for same and take notice.

Electrical work in jurisdiction of No. 69 and north Texas especially live work is very slack at this time owing to the fact most of oil companies are laying linemen off, and the strike is still on against the Texas Power & Light Co., which territory takes in almost all of Electric Light Power and Interurban industry in central and North Texas.

Conditions are such we would not encourage any linemen to come to North Texas. Will say strike against Texas Power and Light Co. is being fought from every angle by strike committee and International Representative A. W. McIntyre, who is in charge of and directs all maneuvers in the battle. No. 69 as well as all other Locals involved are confident of winning.

A copy of letter from Local Union No. 338 of Dennison, which had been sent to the I. O. declaring Texas Power and Light on fair list at Dennison was read, also a copy of a letter from the I. O. to Local No. 338 reprimanding them for their action and not approving same was read.

Representatives from all Locals present made report on conditions in their respective localities. They reported Carpenters, Iron Workers and Bricklayers working for Texas Power & Light and Subsidiary Companies.

International Representative McIntyre will take up matter of other organized crafts working on these jobs that have been declared unfair by Electrical Workers Central Labor and Building Trades Councils, Texas State Federation of Labor and A. F. of L. early in 1919, Written Statement from E. F. Jerger, F. S. of Local Union No. 272 that Bob McAfee who is working for Texas Power & Light Co. at Sherman is in arrears from Oct. 1st, 1919. Secretary of Strike Committee was instructed to see that L. L. Haggard send Brother W. F. Connell of Local No. 1043 a receipt for \$4.15, which Brother Connell sent Haggard on March 18, 1920. Editor:

Well brothers, it is about time to tell what little we know and how much we have heard, and so as to speak kind of compare notes, through I, must say that some locals must be doing a lot of secret work as we have failed to hear from them in the Worker. You know the average man in order to learn the conditions of his city or town will on coming from work, we will say eat supper and then go on the war path for the evening edition of the bugle or blader, or whatever happens to be the name of the particular paper. On the front page he will read with interest of the civic progress his home town is making and the great fight the chamber of commerce is making to make a model city of a two by four town and how, Mr. Leonard Wood has Old man Johnson groggy in the first round and is only awaiting to put over the K. O. at his leisure, and how Palmer Smith and

Watson are beating Hen Fire out of all the rest of the world and perhaps the announcement that Joe Spivis, concurs in the motion that the open shop and the 100 per cent American walk hand in hand down lovers lane, all the news about the outlaw strike down to the last pinch the cops made in some crap game, but nary a word about the true version of union labor. So to get the true facts we have to get back to the Electrical Journal. Well so far things here are going along fine. Some ten days ago we had a slight disagreement with the Walker Electric & Plumbing Co. of this jurisdiction. At that time compelling the I. O. to call out all men on Walkers work. They answered to a man with the help of Brother Pollard, our district, representative. We placed these men back on the job on the 24 and at the present writing we are peeved about our back time which is long past due, though we are assured that we will get it all right but would like to get it before they make another rise in the cost of living as it will have more of a kick at present than later. The back time we refer to is time made previous to the new agreement with the Ga. Rail & Power Co. By heck we have another up home man and as usual he has no T. C., in fact he has worked all over the states and Canada in all temperature from 112 in the shade in Yuma, to 42 below up across the line. From his line of talk he was probably chief signalman with Sherman on his march to the sea, and finally landed in this town to learn that a I. B. E. W. local was really in existence in this town. All I have to say is that it took him a long time to find out that there was an organization of that kind. We have on our visiting list at present, Brother McHanon, and Brother Prevett from out Tulsa way. Bro. McHanon is an old and trusted employe of George, having went on an extended visit about ten years ago. He has seen fit to return to our midst. I see through 104's letter that the two men we had here a short time ago were just what we thought they were, in fact we received a letter from Local Union 349 to the effect that they were rats of the first brood. Marshall, and Duchame are their names, so look out for them and keep them on the move. Well who is making an effort to combat the open shop movement, and in fact there is only one way to fight them and that is to withdraw all trade in your town. Of course you must eat and we know that there is today a nation wide movement on foot to kill the organized trades in this country, so in order to bring sufficient pressure to bear on the man higher up or the parties, that are supporting this move, it is up to each and every union man to withdraw every cent possible from trade if you are compelled to buy there is Sears and Roebuck open to you. Yes I know that it will hit the organized garment workers and shoe workers, but nevertheless should you go to a store and demand anything with the label, buying the same. A part of the price you paid will be turned over to the Employers' Association, to help break your union. Some of the merchants go so far as to say that they are members of the chamber of commerce, but that they are not in it to fight the unions well and good, as we know that they are not told that. That is the purpose for which they are in the movement, but it's a safe bet that a good majority of the worthy members are head over heels in the deal, so it will be up to the members who do not want to fight the unions to put a stop to the ones that are using them as a cats paw. Flour will be \$50.00 a barrel by September and other foods according, so you will need all the cash you can get to buy food. There will be quite a few applicants for the bread

line. You need not look for any relief through your present administration, as they are to busy just now telling the people what they are going to do after they are elected. There is not one person who reads this, but what can do without shoes or clothing for the next six months, if they only will make up their minds to do with out. Yes you may have the same fight on in your town if you have used your only weapon and that is your purchasing power and another thing remember the people who are in public office when you go to vote. Vote for the man whose past records show that he is really and truly with you and not what he is going to do when he gets in office. Well I guess this is about all, only we have a new local now No. 613. Of course we have been knowing this all along, but you could never tell by looking in the correspondence. We also have one in Rome, Ga., not sunny, it, and so far they have proved themselves a live wire. I am still on a lone hunt for the guy who does not see the union way. I sure have a time with some of them. They want a free horse to ride. We seem to be the doctor in some cases as we have had a few calls from non-members wanting to know what we were going to do for them. Seemed quite insulted when told that we were only interested in active members, and prospective members. These same birds are making an effort to better themselves at our expense and tell you why should I pay dues when I get the same as you. Without paying anything well I will close hoping to hear from every local through the Journal. I remain

Editor:

I have before me this evening April's Worker and I notice the article that I wrote for April's Worker stating that we were "holding our own" with the company organization that had been organized in this District known as the Dougherty Fraternity. I am sorry to say that they have made more progress than any of the loyal members of No. 111 had any idea they would make. They have succeeded in drawing away from us a few of what we deemed as good loyal members of the I. B. This just goes to show what a company organization will do if it is not stopped at the time it should be. We have now up to the present date lost seven or eight members who have taken up the Dougherty Fraternity. I had a long talk with one of the members of the Dougherty Fraternity who at one time was considered a very loyal member and a hard worker of No. 111, and from the talk that he gave me, they would be catching his kind in basements, alleys, etc., before very long.

I wish to state to all the readers of the Worker that we have a very serious grievance now pending in the State Industrial Commissions' hands in this town. We expect to have our first hearing on May 8th. We have employed what we think is very good talent to defend us in this Industrial Court and hope to win the decision of the Industrial Court and the sympathy of the people of Denver. We have the Gas Company fairly well organized. At one time not less than three months ago, we were 100 per cent organized. Now, we are about 75 per cent organized, giving the Dougherty Fraternity about 25 per cent which is giving them a large estimate.

We expect to whip this company and gain our demands and also have the pleasure of whipping the men who have joined the

Dougherty Fraternity and refused to withdraw from same. I hope that the editor will excuse my way of speaking but if he and all members of the I. B. feel toward those fellows and those kind of organizers as I do, there would be nothing too mean to say about them, and I fully intend that when this thing is settled to send to the Worker for publication a group of the "long tailed" boys' pictures and I hope that the editor will publish everyone of them. I am going to try to the best of my ability to give the readers of the Worker a record of these fellows that will never be forgotten.

We had with us sometime ago, Brother Rohde, the International Organizer, which you all know very well, and I think Bro. Rohde's visit was in the nick of time, as our boys could hardly stand the suspense of waiting until the setting of the Industrial Court which as I said before, is to be on the 8th day of May. We expect to have to get on the "bricks" to win these people. All of the good loyal members that are left are willing to get on the "bricks", and we ask all brothers belonging to the I. B. to give us their moral support in helping us down the organization known as the Dougherty Fraternity which is not only organized here but is organized in some other towns where light companies, and power companies are controlled by the H. L. Dougherty interests, and other places that the Dougherty people operate that have not brought the organization into the light will bring it before the men as soon as possible. Beware of this outfit because they are working underground schemes, building air castles for the men, promising things that are absolutely impossible and a lot of the weaker boys are falling for it.

This is about all I have to say but I think all that is necessary to say in regard to this "rat" organization. I wish to thank the editor for the space he gave us in the April Worker, and hope that I will have something more interesting for the boys to read in my next letter to the Worker.

Faternally yours,

G. W. Roberts,
Press Secretary.

L. U. No. 111, Denver, Colo.

P. S.—Please publish in addition to my letter, copy of Colorado State Federation of Labor letter which is enclosed.

Denver, Colo., April 27, '20.

To all State Federations, City Central Bodies, Building Trades Councils and Local Unions—Greeting:

The employers of Denver, speaking through their mouthpiece, the Denver Civic and Commercial Association, have declared for the open shop, using that used phrase, "The American Plan," which is a misnomer, and should be called the un-American plan.

The Trades Union Movement of Denver, and Colorado, will not stand for this so-called open shop, which means a closed shop, closed to all members of organized labor. We have been informed upon good authority that a campaign is about to be inaugurated by the employers of Denver to attempt to bring into this state, under misrepresentation of good wages and fair working conditions, workers from other states, in order that they may carry out their plans to make this an open shop town.

In view of this situation, as it confronts us at the present time, we desire to advise and request all workers to stay away from Colorado. There are plenty of people here to fill all the positions, if a living wage is paid, and fair working conditions guaranteed.

Please give all the publicity possible in your respective locality, and among your membership, of the situation as it exists

here at this time, and advise all to stay away from Colorado until the present trouble is settled, notice of which will be given duo publicity.

Thanking you in advance for your co-operation and assistance in this matter, we remain,

Fraternally yours,

L. U. NO. 112, LOUISVILLE, KY.

Editor:

As some of the lads around the circuit may think that we are sleeping and getting lazy will say at the present time we are very much awake and are up and doing every minute of the day. The union men of this town have a campaign on for a labor temple, to cost \$300,000 and to be subscribed for and owned by union men only. Several weeks ago we had a monster mass labor meeting, at which we had quite a few brilliant speakers. Col. P. H. Callahan, one of most humane and best liked employers of this city as well as the country as a whole made an address and at the close donated \$1,000 toward the fund as he was not eligible to subscribe. We have around \$20,000 subscribed and the campaign has just opened. The workers are up and doing all the time and their efforts are sure to be crowned with success. The Employers Association of Louisville has opened their fight on organized labor and for the open shop. They started by placing advertisements in the daily newspapers and in the street railway cars. One of their ads is: "Thank heaven the walking delegate does not represent the folks who actually work in Louisville." Another: "One who earns a dollar is a worker; one who saves a dollar is a capitalist—work and save."

As though Rockefeller could be classed as an ordinary worker or John Jones who saves \$10.00 (Ten Dollars) a year is capitalist, "some worker, some capitalist," and quite a few more about the walking delegate and the open shop. The Union Publicity League of Louisville has combatted their efforts so far and hope to keep the good work up. The American Legion has condemned their advertising as a means of stirring up class hatred so now they are putting in ads about speeding up production, the same old bull the propagandist of the big corporations of this country have been handing to the public. As though the union man is a shirker and a hog. The Employers Association's second move for the open shop is directed at No. 112, ourselves, through the Louisville Home Telephone Co. Several days ago our city firemen came out with the message that as there had been a lot of intimidating on the job and as the union had forced the issue, that on and after June 1st, 1920, all men that carry a card out of 112 would be cut 50 cents on the day, and those men that did not carry a card would be kept on at the same rate that they are now getting, from \$4.50 to \$5.00 for 8 1/2 hours and 5 hours on Saturday. This also applies to men who give up their cards. He has made threats that he will break up 112, but he is badly mistaken because if he thinks the boys will stand anything like that he has another thought a coming. One of his reasons for bucking up 112 is that Harry Henderson, our former business agent,

now employed in the city fire alarm corps and one of the best men the I. B. E. W. has ever had, has been showing too much activity in organizing the home workers. He centers his whole attack on Henderson and why is he doing it? Just to hurt him with his present employers. That shows the calibre of which he is made. We whipped the Home last July but went back through arbitration and can lick them again. We have did nothing to precipitate this fight, it has been forced on us, but now that it is on we will fight it to a finish, we have that bull dog tenacity down here, that is, we are never whipped until the last man is down and out. Brothers beware or the merchants and manufacturers will try the same thing on you people in other sections because this is not the only place they are fighting us and every union man in the country should make it his business to bring at least one man of his craft into his organization and not stop until he has every man that he can possibly get, organized. This thing has got to be a very serious matter and the union men of this country who value their cards, their welfare, their happiness and their very birth-right should be up and doing for the time has come when we have to fight for our very existence and to lay down now is to lay down all hopes for the future. Don't let George do it, go out and do it yourself because George may be expecting you to do it. The time has come when we must make a sacrifice in time and money and at the polls to get our organization built up or later we may sacrifice the very thing which insures us happiness, a good living and industrial peace. If we are going to be union men let's be or get out and show yourselves in your true colors so all men may know you as you are.

Sometimes when I read these articles in the daily press and magazines such as the Saturday Evening Post, written by men who are paid by the big corporations on how to reduce the high cost of living, my insides boil and I only wish that I could have them in a room by myself for a few hours and settle it all, one way or the other, by word or force. They tell you that the only way to reduce the high cost of living is to produce more and consume less, in other words, work h---l for 24 hours a day 7 days a week and don't take a penny in wages. I wonder sometimes instead of telling us how to do it, why don't they get out and do it their selves and I wonder how much they get for writing such articles. I don't know but I'll bet that they don't get their hands dirty or have to deny themselves of anything because they can't earn a decent living wage.

Sometimes I feel sorry for the true blue union man, because after he makes conditions through sacrifices and hard work on his part he is made the goat not only by the money bags but by the same people for whom he has made conditions, for when a union man gets better working conditions the non-union man benefits by it for his employer has to make him some concession to keep him from getting dissatisfied and from throwing off the yoke. It makes me mad to hear a man say "the unions are fine and dandy but I can't join because of my job." There is a man who is willing to let some one else sacrifice his interest to benefit him. Well perhaps some day things will be changed and until that time comes, here is one that is going to be on the right side and one who is willing to take the bitter with the sweet, and help carry the load and if every member of an organization in this country would take this same view we could not be beat.

In closing I want to say that all brothers who have sent in appeals for aid to this local in the past month please forgive us for not donating this time as we have saw this thing coming and will need for more money than we have in our treasury to see it through and we have but a very little at that.

One other thing I wanted to say in connection with our own little trouble is that the Home officials want our boys to transfer their cards to some other local so they can break us, as though we are pin heads and would stand for that, but the boys without an exception have said they will stick to "112" till h---l freezes over. I started this letter about a week ago but thought I would have it lay over for a while until things came to a head so will say that Brother Goble and committee had a conference with the officials on the 31st. Will say that the officials saw what a strike they had stirred up and rescinded the order of dropping our cards or taking a cut in wages but they have fired about 10 of our men as nothing came of the conference Sunday we struck today, the 1st. We have only been out several hours at this writing but the Company has sent for our committee and we had another conference today and hope to report a victory in a day or so. It seems as though they have come down off of their high horse and are willing to listen to reason. I might add that 42 card men and 11 no card men came off of the job. Last year the government was paying for their fight on the union men and they stood the selge 29 days but this year it is their own money they are losing on this fight so they are willing to talk business. Here is hoping that all locals and members of the Brotherhood who have any difficulty at this time will have an early victory, but above all brothers no matter what the cost, keep your principles, honor and manhood, and "don't betray the Brotherhood."

All brothers are requested to stay away from this vicinity on account of this trouble.

Fraternally yours,

"Chops," P. S. of 112.

L. U. NO. 177, JACKSONVILLE, FLA.

Following is a list of the Locals and members contributing to the fund for the relief of Brother "Bob" Murray and the amount contributed up to and including May 15th, 1920.

On behalf of the local and Brother Murray I wish to thank each and every one who has contributed to this cause and to assure them that everything within our power is being done to try to bring Brother Murray back to health again and to place him in a position to make a living for himself and family. He is under treatment now, but it is too soon to say whether the treatment will be a success, but we have great hopes and I hope that we will be able to report "progress" in our next report. Again thanking the Locals and members for their efforts in his behalf and for the many letters of advice and sympathy, I beg to remain,

Yours very fraternally,

Can You Answer Electrical Questions

Your ability to answer these questions indicates your fitness to hold a really "big job"—some with the tools of your trade. If you can't answer them make up your mind to get the necessary hope to succeed in business for yourself, or as a foreman or a superintendent unless you know be successful as an experimenter, or make money as an inventor without real, up-to-date electrical knowledge.

L. U. NO. 178, CANTON, OHIO.

Editor:

As I haven't seen anything from 178 I will try and send a line to the Worker to let the Brothers know the conditions in this vicinity. We have a strike on with the Ohio Power Co. here. The linemen came off of the job Saturday mornin'. May the first at 7:00 a. m. 100 per cent. Have had a few conferences with the company. but with no results.

This has been an open shop job, but we are trying to get it signed up and we are asking for \$1.00 per hour, four ways on company time and double time for all overtime. But I am sorry to say we have five rats on this job three foremen and two troublemen, all non-union, L. O. Crwmljus, Charles Smith, both ex-card men, and Ernest Resler, Oscar Mylows, Clem Berkheart are still on the job and refused to come off with the card men. But every day has his day and ours is to come yet. This is a joint agreement with Stuebenville, East Liverpool and Wheeling.

The N. O. T. & L. Co. have signed up with the linemen here for 87½ cents per hour and three hours for reporting in rainy weather, and all rubber goods and tools are charged up to the men. But we are in hopes of a better settlement with the Ohio Power Co. For nothing short of \$1.00 per hour and four ways and double time will fill the bill unless the boys have a radical change of mind from the present time.

I hope the brothers will look over the wording and mistakes of this letter as this is my first time at the bat. If this misses the waste basket I will try and have more news next time. Hope to have better news for the brothers soon.

With best regards from 178 to all the Brothers.

Yours fraternally,

M. C. Sarver,
Recording Secretary.

L. U. NO. 183, CHARLESTON, S. C.

Editor:

It has been some time since L. U 183, Charleston, S. C., has been heard from in the Worker. I promised when I was appointed Press Secretary to have some good news each month. So far I have failed to keep my word, but Brothers on the other hand—(now for the excuse) my time is pretty well taken up, being maintenance man on suburban line. so you can see why I have not something for each month. Brothers just the same L. U. 183 I. B. E. W. is holding her own. A bunch of good fellows. I say they are.

By the way Brothers possibly some of the Brothers know that we now have a paper printed in Charleston, known as the Labor Unionist. It keeps us in touch with what is going on, not only in Charleston, but all over, and any of the Brothers who has stayed in Charleston or who would like to have a copy of this paper can have one. Say Weble send me one, and your address.

Our Business Agent was looking for two men last week for the Port Terminal job. Could not say just yet as to whether he succeeded in getting them or not, as he, our Business Agent, at the present time is in Asheville, N. C. and has not returned.

Brothers an agreement committee has been appointed to draw up an agreement for the coming year, as our present one expires June 30th, this year with the Charleston Consolidated Rwy. & Ltg. Co., and I being one of the committee must say that we have all worked together on this agreement.

Mr. Editor, possibly I am taking up too much space in your print this time. Will stop with best wishes to all the brothers I am

Fraternally,

J. J. Weble,

L. U. NO. 212, CINCINNATI, OHIO.

Editor:

That our largest troubles generally dissolve themselves into our smallest ones was once more demonstrated May 1.

We were all, previous to that time, under the impression that to secure a substantial increase in wages meant a long drawn out conflict with the employer.

True enough our original demands were not granted but how many cases can we find on record where all the demands of the employe were granted even after considerable loss of time and a hard struggle, very few I believe.

One example is the carpenter, who after being refused \$1.25 per hour about the middle of March decided to take a self inflicted vacation until such a time as the boss contractor saw fit to come across. The result was that the carpenter gladly returned to work after a two months vacation and is working today for \$1.00 per hour.

I believe our grievances were engineered and adjusted in a much more profitable manner to every one concerned. About one-half of our membership continued work without the loss of one hours time—

while the remaining half were out exactly two and one-half days. Some of their bosses stated it was through a misunderstanding that their men were out at all. We have all advanced from 80c to \$1.00 per hour, which I'll say isn't half bad.

And speaking of short time agreements; I think we have the edge on all of them—we have signed up from May 1, 1920 to Nov. 1, 1920, which means at the expiration of 6 months we are at liberty to collect again.

I personally fail to see where there was any possible chance to accomplish more than stated above and feel that the wage scale committee justly deserves the most hearty thanks from our entire membership for their services which I do not think could have been improved on.

And by the way—did you ever serve on a wage scale committee? I have, which enables me to more easily appreciate any good which can be accomplished by them.

Building operations, although still not booming, are gradually becoming normal once more. Material costs seem to aggravate the general public more so than increased cost of labor, the smaller builder is afraid to invest under present prices and when small building operations become stagnant it means quite a bit our way.

We are now comfortably located in our new quarters, 12th and Walnut St., where we can hold meetings and accommodate our entire membership when they so see fit to turn out.

The absence of our worthy recording secretary at a recent meeting caused quite a surprise, he having served so faithfully and attentively during his past several terms of office. It was later discovered that Brother Slater was out in the crowd looking for a new location to pitch his tent. It seems absurd and very unreasonable to me that a brother who works as hard as Brother Slater should be forced to vacate his premises so hurriedly. (Reasons unknown.) We wish you well Bill. We old settlers of the Blue Grass State extend our sympathy. I told you a long time ago to move across the creek but you failed to take my advice.

Our annual election of officers will take place in June again which means I will be very busy from now on in my efforts to once more secure nomination and election to the much sought office of P. S. I never hear much said about this office, open and above board by opposing candidates but I imagine considerable underhand work is always done to land it for some one else. It is impossible fellows, I have too much of a pull and have been told that as long as I have a desire to fill this office, it would be mine for the asking, so bring 'em on boys.

Old High Cost is still persuing us, we see considerable paper talk concerning certain 25 to 50 per cent reductions but actual purchases recently made fail to reveal any such alterations whatever, other cities may be benefiting along these lines but I dare say that merchants in Cincy are collecting quite a substantial "war tax" on all articles sold.

Grasping this opportunity to solicit your support at the voting booth and guaranteeing you in return another year of almost unbearable monthly contributions such as you have been forced to endure for several seasons previous, I am and hope to remain,

Fraternally yours, E. S.

L. U. NO. 225, NORWICH, CONN.

Editor:

Local Union No. 225 is doing very good business in Norwich and Westerly. New members are continuously coming in, which

is increasing our membership every day.

From now on Brothers, Local Union No. 225 will put into effect Article 23, Section 8 of our International Constitution. Our new agreement is to go into effect June 7.

Brother Thomas Shea of Westerly got a bad burn while working there a short time ago. Having his sleeves rolled up it effected his arm, but it is coming along very good and will be able to use his hand soon.

Will all congratulate Brother Wm. Oniel who got married last week and may his troubles be very little troubles.

All Brothers are notified to the fact that Clyde Hall is not a member of our Local. Said Mr. Clyde Hall claims to be a member.

All members are busy here at the present and with all this big work which is starting up it will keep all hands busy and some more to for some time to come, and very good consideration from our Local will no doubt be a good boom for us in the very near future. All men coming this way for inside work and line work are requested to report to business agent in Norwich before starting work. Failing to do so will suffer consequences. Phone No. 1962, Norwich. Keep it under your hat and do not forget.

It is expected that Electric Light line-men will get an increase in Norwich and New London before this letter is out in the Worker.

A settlement with the Connecticut Company for our Trolley men is also expected very shortly. Very few of our Brothers still have to be reminded to the fact that our dues have to be paid up every month. So come in line with the rest and do not wait.

This will be all for this time but more for next month's Worker.

Very respectfully,

H. Bernier, P. S.

L. U. NO. 247, SCHENECTADY, N. Y.

Editor:

Local 247 believes in giving "credit where credit is due." This local of seventeen or eighteen hundred men and women employed as armature and field winders, and accessory and preliminary workers in the Schenectady plant of the General Electric Company, have not been in accord with the policies of the I. O. in many instances. It has been disposed to favor the closer unity of compulsory district councils of the I. B. E. W., Metal Trades Councils and Federations of Industries. The solidarity manifested by employers association should be met by the solidarity of the organized workers—by the spirit that truly says that "the autonomy of the old school had its place in the development of the labor movement, but it should have been relegated to a museum of discarded and outgrown ideas with the opening of the 20th century.

The members of Local 247 have not been slow to criticize international officers, but when an officer of the Brotherhood does good work they are not reluctant to express their appreciation.

The splendid work of International Vice President Bugniazet in connection with the recent difficulty of Local 247 with the G. E. Company is a case in point. The happy outcome of this strike was due largely to the good judgment displayed by Brother Bugniazet in all his conference with high officials of the General Electric plant.

Some members—many of them in all probability may not agree with our International Vice President in his ideas of trade unionism as to methods and forms of organization, etc., but they have learned to respect his judgment when battle is on and critical

situation have arisen. They recognize that if there were more such men in the movement there would be more amicable settlements achieved.

Press Secretary.

L. U. No. 247, I. B. E. W.

L. U. NO. 277, WHEELING, W. VA.

Editor:

I am writing a few lines and would like to have published in journal, from local union No. 277 rough necks. We are on earnest strike for a living wage in this vicinity, and ask all men coming this way to stop before getting here, as we have all the men we can handle at present.

Well boys to begin with this is my first wording in the Worker and any mistakes you will have to look over. We have Brother Bob Fitzsimmons alais Jesse Fuller in our local at this time and he certainly is welcome home.

We are on strike here and a real strike too, not a man to fall out of line and are sticking to each other like electrical workers should. There is not a man loafing, but those who want to loaf. The men who are working are not working at line work, but they are helping the inside craft as the inside wireman in this vicinity are very loyal to the outside workers and will have to say outside workers are loyal to inside men as much as can be.

Now boys in this strike are included linemen, meter men, sub and central station repairmen, cranemen and sub station operators. Just to think not a man fell out of line so far in this strike. How is that fellow workers? Oh before I go any further I forgot one of the biggest things yet. Brother F. J. Sweek, International man, is with us. Say boys, he is fine and I will put my name down to that and so will a whole lot of others. We don't take our hat off every time we see him, but we should.

Brothers to go on a little further we are on strike against West Virginia Traction & Electric Co. or in their new name Wheel Company or the West Penn. Power Co., and ing Public Service Co., Wheeling Traction for the last one Wheeling Electric Company or American Gas & Electric Company. I don't know the reason for giving you different names but that is the way they are.

This is all for the first time.

Fraternally yours,

Rough Necks No. 277.

L. U. NO. 348, CALGARY, ALTA., CAN.

Editor:

The usual remark among the boys over here is that Local 348 is about dead. We do not know how it is with the locals cross the line but some thing must be done in Calgary very soon or we'll be having a funeral, with not a brother left to hold the wake. Some of the boys say that they have given up hope of bettering their conditions under the capitalistic system so why worry to patch things up; others say that the politicians through Union Gov. have got the strangle hold on them; some blame the O. B. U. who say the Trade Unions are just "benefit societies," some have figured out that there must be a change in Europe—especially England—before conditions will alter much for the worker; some short-sighted brothers waste their time bawling out the Bolsheviks who seem able to take care of themselves and the politicians also and of course there are a few who blame the devil.

Now brothers the point for us is to get at the truth even though it is very

unpleasant. We will not find it in the daily press nor from the boss, whose interests are to extract all the surplus value he can get into his pocket, and to give the worker just as little return in the way of food, clothing and shelter as he will take either peaceably or any old way. If the boss does give us an apparent benefit he soon manages to squeeze all the juice out of it, for he controls rents, taxes, food and clothing; the law, the schools and the Government. We have a good example of this in the latest proposed budget which of course puts the burden on the workers. The Safety Act which I mentioned in last letter—providing for good clearance for linemen when working on poles—is also to me made "safe" and the juice squeezed out of it. A number of amendments have been proposed which when carried will make it less expensive to execute. Poor Alberta must be economical. The banks do not favor extensive changes in the "reconstruction" years. Brothers, what's the dope you have as a cure for us?

Fraternally,

Michael J. Coleman,

Press Secretary.

L. U. NO. 349, MIAMI, FLA.

Editor:

I want to ask the entire I. B. E. W. to assist us by staying away from here and in such other ways as they are in position to do. We have the "open shop" fever here. The Chamber of Commerce has relapsed with it and all of the business houses has from one to a dozen cases, the contractors of course has a chronic case each. Our boys are immune except three cases, and two of them are new comers. One, Fred Ambros, has gone scabbing right, and he is one of our old members. We have one of the best doctors in the world for the "open shop" and that is a strong B. T. C. They are with us.

Busy season is now in sight and the critical time is at hand. We must make our get away pretty soon is the reason we ask you all to stay away for awhile. When trouble clears up we will need some good men and I will put in an S. O. S. call in the Worker. Watch the July Worker. I hope to have some good news for everybody by then at least.

We have been out since March 15, 1920, and we have done some good fighting and still in the ring. We placed a small fine against each one of the Scabs, Fred Ambros \$1,000.00; F. E. McGlothlin \$500.00; J. C. Willis \$3.00 per day as long as he stays in the shop. We asked for \$1.25 per hour and the contractors agreed to give the \$1.25 per hour if we would work our scab jobs of other crafts, and they would not employ scab electricians.

Miami has been a closed shop town for years and we are going to make it closed again or make the contractors spend some of the manufactures association's money along with all they have of their own, and when a new set of contractors come in here we will not have a hard time explaining why the old ones were not here yet.

With very best regards to those who are worthy.

Yours fraternally,

A. J. Taunton,

F. S.

L. U. NO. 352, LANSING, MICHIGAN.

Well Brothers I guess it is about time for No. 352 to come out of its dope and let the outside world know what is going on in this neck of the woods.

Well Brothers just at the present time things are looking pretty good. The snow is all gone and now the sun is shining on both sides of the fence and there seems to be plenty of work going on, that is outside work. The Light Company has not turned any linemen away for some time and I think the Citizens Telephone Company could place some good linemen and believe me Brothers I know poor old Ma Bell would be mighty glad to get her hands on some good men because she has been putting up with two or three dubs for almost a year now and you all know that hurts her when she can't get any men and as long as she is unfair we are going to do our best to keep the men off the job. The strike is not costing us any thing but oh boy how poor Ma does put out the jack. Things may slow down here about the first of June as we are going after more money, but we don't look to have much trouble as we are 100 per cent strong and that is what makes the big boys set up and take notice.

We have most all new officers now and I guess it would be a wise stunt if I give you the lineup. Well here goes:

President—Eugene Windiate.

Vice President—Louis Phillips.

Recording Secretary—John Swan

Financial Secretary—Orlo Rector, 502 N. Butler.

Treasurer—Glenn Sherman 527 Beich St. Believe me they are all live ones. The first and third Friday nights is when we meet. We most always have a good turn out but the trouble with most of our Brothers is that they get sleepy just about the time the meeting is getting hot, and the next day that same bunch of fellows wants to know what all took place after they left the hall. So Brothers I think it would be a wise stunt if you would stay until the meeting was over and then you would know as much as the other fellow does about what takes place and another thing is that we might have a little game some night after the meeting and I know none of you want to miss anything like that, and you can never tell but maybe some of our Brothers from Canada might drop in with a jug of Johnnie Walker and that would go pretty good in a dry town. Brothers you can never tell just what will happen so I think it would be better for all of us to stick around and see what will turn up at the end of the meeting.

Well Brothers I guess I better not take any more chances with the dear kind editor or I will be getting some return mail. So with best wishes to all Local Unions I am as ever truly yours,

C. H. Bradley, Press Secy.

L. U. NO. 364, ROCKFORD, ILL.

Editor:

Since May 1st, we have been on a strike for a wage increase. We were getting 81½ cents per hour double time for all overtime and holidays and a closed shop. Our agreement as submitted this year is the same as last year, except a clause calling for \$112½ per hour until such time as any other craft shall receive an increase to a higher rate than our scale. then our wage shall within 60 days advance to \$1.25 per hour. The bosses were satisfied with our agreement in everyway only they won't pay more than \$1.00 per hour. Therefore we all quit.

There are in all about 90 journeymen and permit men who are all standing out in a solid unit. We do not expect a long wait as there is plenty of work in sight and while material is hard to get there is enough to last for some time.

We are of course accepting no travelers and request all Brothers to stay away from Rockford and vicinity.

Fraternally yours,

C. E. Ingerson, Rec. Secy.

L. U. NO. 369, LOUISVILLE, KY.

"Ike is back." Have been absent for a few months and will try and square myself by writing a few lines to be published for 369. There is no use having a press secretary if he isn't on the job. Right now we are watching and patiently awaiting the 22nd of June so we can slam our agreement before the "big guns" to be signed. They ought to be tickled to sign our agreement because it is so easy. We aren't asking near as much as some of our neighboring cities. I read in last month's Worker where a number of locals have had their agreements signed and with ease. I have all the faith in the world that ours will go through.

Oh yes, and we are roping in new members too. Have been obligating from one to three members each meeting night here of late. We'll get there sooner or later.

We are wondering down here if the Railroad tie-up is effecting other parts of the U. S., like it has been doing us. The employee's one great excuse now is that he can't get enough material to keep his men busy on account of the rail tie-up. Most all of 369 are kept pretty busy and to say we can't kick.

I notice our old friend and brother, Bruder has come down from Flint, Mich., to pay us a visit. Oh, they all come back even if this is the rottenest town on the map.

Well, as this spasm is over, guess I will close, hoping this will meet with your approval in time to be published this month.

Sincerely,

Ike Hudson,

Press Sec.

L. U. NO. 377, LYNN, MASS.

Editor:

After a lay off of a month, I suppose it is about time that I showed some sign of life, or I'll get the merry call down for being A. W. O. L. The truth of the matter is, that there isn't much to talk about. The town is still in an uproar, the plumbers are now at bat, and have been on strike for four weeks.

They got up against the same proposition that we did, the Lynn Chamber of Commerce. Our Building Trades Council should be highly flattered because the Builders have taken a leaf out of our book, and are organizing into a Builders Alliance. We know of course what this means, experience shows that it generally means a scrap, because the Boss instead of using his association for the uplift of the business, and by co-operation with the local union, devise ways and means of ending arguments, he thinks he's a pretty big guy, and stays awake nights thinking up schemes of beating the man working for him, and uses his organization to start a row.

Work in this man's town is anything but brisk, and with all the cry for houses, I should think that these "Would be millionaires" would loosen up some of the money that they have got out of us, and build, so that we can get coin enough to give back to them.

This is the town of new movements. The latest is a corker, if it works. The idea is to have a "General Executive Board", and on it for representation, each central body, or Building Trades Council, will have three delegates, no matter whether they are shoe workers or building trades mechanics. I

think that this scheme should work good, it would be a fine thing to see a whole shoe shop quit if a scab wire-jerker or plumber walked in, or the mechanics refuse to work in a shop if its workers were on strike. I don't see how they could beat us in this event. I speak of shoe workers because that is the principal industry of the city. Now I suppose I've wasted enough paper for this time, and as print paper is very scarce I'll pull the switch.

With the best of luck to the Brotherhood.

Fraternally yours,

L. H. Barrowclough,

MARINE LOCAL NO. 378, SAN FRANCISCO, CALIFORNIA.

Editor:

The International Officers of the Metal Trades Department, of the A. F. of L. who were here recently, did not reach a settlement with the shipyard owners. The employers had nothing to offer but unconditional surrender of the men to first go back to work and they would later in about three months, consider drawing up a new agreement. This was flatly refused and the fight is to continue until an honorable settlement is made.

President O'Connell, of the Metal Trades Department, gave a statement to the public outlining the whole matter and placing the blame on the shipyard owners and their backers for the condition of affairs in this district. He further stated that this fight now becomes a National issue and would have the full backing of the entire American labor movement to win this strike.

Most all the "outside" shops have come through and are now paying the new scale and in some cases better than we struck for. The latest to come through was the American Company and the waterfront shops. The waterfront shops are not working out very fast as we accepted a proposition to go back to work at \$7.20 for new work and an additional hour for repair work, commonly called the "dirty hour", which brings all old work up to \$8.10 per day. Some of the shops are bucking this and they also do not see fit to let their non-union men go. It is hoped that the plan will improve.

The shipyards are daily losing men due to unsatisfactory conditions in the yards and better wages in other parts of the country. The Government has notified the Bethlehem Shipyard (Union Iron Works), not to take any more repair work and to go ahead and finish the Government contracts first. The repair work has proven to be inefficient and slow, so much that the Shipping Board has ordered all repair work to be done at the Marc Island Navy Yard.

The new work being done in the Oakland yards and Bay Point is now four months behind in completion. In some cases the finished deliveries to the Emergency Ship-Building Corporation is now overlapping the dates of launchings. There are hulls now in the water that were launched last June and many of them launched last year up to December that are unfinished.

The intimidation of the Steel Trust gunman is the latest move started. Several deliberate attempts to pick fights and fire upon our boys out on the front line and down town away from the yards has been made. So far it has failed to discourage the men and in some cases the "finks" were convicted.

Brothers Howard Caldwell and Amous Feely, our business agent, are now on the Atlantic Coast in company with other members of the Metal Trades Strikers, to tell about our great strike and raise funds.

Give them a hand and send along some dough to keep up this fight.

Fraternally,

Al E. Danielson,
Press Secretary.

L. U. NO. 382, COLUMBIA, S. C.

Editor:

A few lines of Bull will let you all know L. U. 382, I. B. E. W., is always on the job when it comes time to write for the Journal. The only trouble with the writer is he is at a loss what to write this month.

Everything around this part of the country is at a standstill. The trouble is we can't get the material. I don't know of any of our members loafing but business isn't flourishing.

Brothers will take notice.

Our Brother President, W. B. Wells and Miss Walker were married about a week ago and left for New York City to spend their honeymoon. Upon the return of the happy couple, they will be presented with a suitable gift from L. U. No. 382.

A movement is now on foot to establish another Roschdale Plan Store for the Labor people. All union men will trade at this store and kill old H. C. L.

The employees of the Columbia Railway Gas & Elec. Co. have nearly all taken stock in the Company. One share of per stock, \$80.00 and the Company gave a \$1,000.00 life insurance policy with a 50 per cent sick benefit, 50 per cent of ones earnings.

We are now having such a small attendance at the meetings, that it seems as though some have forgotten about the meetings, but when an assessment comes up the Brothers come up pretty well, but there are a few who are sore because the assessment passed third reading. These very Brothers are the ones who did not come up to vote. Now Brothers the only thing to do is pay up or lose your card and you can't afford to lose it you know.

Now is the time to attend every meeting and you must attend or else not kick when things go as you don't want them. You must not expect a few faithful members to fight your battles. All one can do is vote and vote I will. The writer will always stand up for his rights and each Brother do the same. I do not claim to be right every time and do not mind admitting it when in error. You must go as the Constitution says or I'll call your attention to it every time. I want the Brothers to all know I am for the I. B. E. W. and for L. U. 382, but I do think we have spent too much money and our treasury is very low. There is not enough unionism and too much moneyism.

Our past trouble during the Bell Telephone strike should teach us the use of a strong treasury. I wish we could all come to some agreement and be one, as it is better to all. Stand as one and let the Separate Charter alone.

We all love 382 as a number but if we don't agree the Separate Charter I. B. E. W. must come. We are waiting to see if there isn't a way to come together on all subjects.

I am trying to think out a plan to get the money to build a Labor Temple in Columbia, S. C. I need help and lots of it and will you all offer the best plan.

All the Brothers in this city would pay an equal part each week and there would be no kick to this assessment. If an assessment it would be. To raffle off several automobiles to all the I. B. E. W. is only a part of a plan.

Will you please offer a plan in your next article to the Worker.

Vice President C. F. Briard was elected by a big majority as a delegate to the

City Federation of Trades. We have lost four valuable members. Our Recording Secretary, Mr. Featherstone has taken out a withdrawal card and gone into the contracting business. We wish this Brother much success. But oh! Brothers the main Brothers we have lost is our Treasurer, Charles Arndt, Brother C. C. Ware and Bro. Miller. All have taken out withdrawal cards and gone into the contracting business here in the city. We know they will be fair to organized labor and we wish for them much success. But Brothers we hated to lose you.

Please let us have a letter from each Local Union next month, and see how much you can write. This being all the news I happen to know of, I will pull the switch for this month's bull is over.

Fraternally yours,

L. A. Smith, P. S.

L. U. NO. 439, AKRON, OHIO.

Editor:

Just a word from Local Union No. 439 to tell you we still hold our charter and we have not broken up and turned in the keys to the strong box to the G. O.

We are making some headway, by signing up the Northern Ohio Traction & Light Company, but do not think that things are O. K. for they are not. A lay off was pulled on our brothers, all we had and are having some battles, which will mean fight to a finish.

Someday, Akron, Ohio might be one of the first letters of the alphabet towns. We hope in condition, but at present, brothers stay away and help us in that way.

We are always glad to give a brotherly hand, but we don't know when they are reaching out for us.

We have a good bunch of fellows. I can say real brothers. Always on the job. We have some work to do here as the rubber Companies are our big shops and hard to manage and when you butt up against some who won't carry a card and never have and they work at a place you can't reach them, you have your hands full.

This is the condition in Akron, Ohio. Any brother who has ever been here can tell you the same thing.

We will try and have a letter next month. Fraternaly yours,

H. E. G., R. S.

L. U. NO. 477, SAN BERNARDINO, CALIF.

Editor:

Be brave, for I am going to tell you a secret. Well, here goes as I see it. At the last regular meeting of No. 477, some worthy brother suggested we write a letter to the Worker. After a lengthy discussion it was decided to do so. I was one of the two brothers out of this Local who had the nerve to tell the Bell Co. to hell with their scabby association and went out on strike Feb. 14, 1920, for the good of the I. B. E. W. I did not want to worry our worthy President Watts so volunteered to put No. 477 in the bald headed row. No. 477 had one member who sold himself to the Bell Co. His name is George N. Roberts, and he should be listed among the exmembers.

Local No. 477 is quite lively at this time as we have an inside agreement, also a battery and armature winding agreement and an ignition agreement to present to the contractors. We may have some trouble but we hope to get everything settled without any trouble.

San Bernardino has under way a Mediation Board to be composed of 15 members; 5 from the Central Labor Council, 5 from Employers and 5 from the public, chosen by the other 10 members. This is

to be used as a last resort. **Not compulsory.**

Most of our members are working. The Home Telephone Co. is doing some work at present cutting out duplicate plant taken over from the Bell, when they consolidated.

The Home Telephone boys are working on a new agreement for the Home for July 1st. Bro. S. E. Clark, who returned some time ago from the service and now employed by the Home Tel. Co., is still a fighter on Labor conditions. He will no doubt take an active part in framing the new agreement. I would advise all Brothers to stay clean of No. 477 until after June 30, 1920.

Bro. Warren McGinnis has resigned as foreman of the Home Telephone Co. and branched out in the inside game. We of No. 477 wish him success. He still retains his card. E. L. Fortune is now foreman of the Home Tel. Co. This is very agreeable to all the employees as he is class AA. Union Man.

San Bernardino supports a railroad local No. 829. Outside of the two Light Companies, we are 100 per cent organized. Have we a sister local? I'll say we have. No. 67A and it should have a medal for its loyalty. Last June this Local had 98 members and they went out 100 per cent. In July the Home signed an agreement but later broke it by not employing all the operators who went out. They pulled the job again until the girls were reinstated. They came out 100 per cent, cut the power off and locked the door for the second time. They were out about 4 days and everything was straightened out. Now, what do you say to that?

Bert Robbins, our worthy secretary, is still splicing cable for the Home Telephone Co. He is also growing apples at Yuciapa, Cal. and is one of the City Dads.

No. 477 has not been dead all these months but have been so busy keeping up with the high cost of living, framing new agreements and keeping our organization intact that we have overlooked our duty to the Worker. If we see this in the Worker we will be more prompt.

Yours fraternally,

J. T. Wilson,
737 Court St.,
San Bernardino, California.

L. U. NO. 490, CENTRALIA, ILL.

Editor:

I won't be able to write much this time as there is not much doing around Centralia just at present.

We have succeeded in getting the contractors to sign our new agreement which took effect the fifteenth of May. Our wage scale was raised thereby helping us out some.

Although we've been busy up to the present. There is very little work in sight as there is not much building going on. Things seem rather dead this spring compared with the way they were last year. I guess it is the much heard of "High Price of Labor."

Well Brothers, I'll stop now and I hope things will liven up a bit so I can write more next time.

With prosperity and good luck as 490's wishes to all the Brothers, I am

Fraternaly,

L. U. NO. 579, GLOBE, ARIZ.

Editor:

It has been some time since 579 has had a word to say in the "Worker," but never-

theless we are still alive and progressing all the time. Owing to the unsettled conditions during the war and a number of our members in the service, 579 was indeed quiet for awhile, but due to the untiring efforts of a few of our old live Brothers, am glad to say, have revived and we are going to stay. We have a good, live membership of thirty and still growing.

Our Local has affiliated with the District Trades Union and the State Federation of Labor. These organization are very strong and are putting forth a strenuous campaign to see that labor gets its "bit" at the approaching elections.

May 1 was a holiday and gala time in our town and most of us had a day off to celebrate. The big feature was a parade a mile long. Of all the lodges, floats and other attractions, none were applauded and cheered like 579. We were the only labor organization represented. Twenty-five strong and all clad in blue overalls, denim shirts and black hats, sure did make a hit with the community.

The following officers were elected at our last election:

President, Ed Parker, Vice-Pres. A. H. McClurkin; Rec. sec., Oscar Goforth; Fin. Sec., E. Wilcox and they sure are a fine live bunch.

Fraternally yours,
Jack Richards, Press Sec.

L. U. NO. 585, EL PASO, TEXAS.

Editor:

Having failed to get a letter in the Worker for some time I have decided to get busy before being called for it, as I imagine some of the wonderers are wondering what has happened to 585.

The Tel. Co. granted an increase of 25 cents per day effective April first, and the light followed up. So El Paso is \$6.00 now.

The Rio Grande Valley Tel. Co. is in the rocks and has ceased work indefinitely so I have been informed.

The Light is working a good bunch at present. Brother Buck Blair deserted the Tel. Co. and is now with the Light as says he is ashamed to take the money.

The Brothers who were working down the valley have either got Government jobs or T. C. and traveling.

Recently a Brother of the Kings County Building Trades Council of California, visited us with a resolution asking that it be endorsed in order to get it before the next convention of the A. F. of L. so that a referendum can be taken in regard to the adoption of it.

If you have not seen this resolution you probably will be visited by some representative of that body in the interest of it in the future.

The resolution is:

Resolved, That we set aside Jan. 2nd and July 2nd of each year to make all demands for wage adjustments and working conditions.

It is the Brothers contention that if this resolution is passed it will eliminate all sympathetic strikes and the continued drain on treasuries from donations to crafts in trouble.

Local 585 endorsed the resolution after considerable discussion and the Central Labor Council also endorsed it. This is a new move and if adopted we will be able to see whether the idea of the one big union would be a success or not. Certainly it will bunch our troubles and we will enjoy seeing the scabs shifted to overcome it. However, think it over. You have lots of time.

Fraternally,
C. W. Maugam,
P. S.

L. U. NO. 599, IOWA CITY, IOWA.

Editor:

Having been elected Press Secretary of 599 Iowa City, will try and wise the Brothers up to what is doing around here. This Local has been on the map for the last fifteen years that I know of, and to my knowledge very little of it was even seen in the Worker. But from now on we expect to have a little note in each month. And believe me we are getting to be a live little Local and have some real Union men here.

Am glad to say that we have with us again Everett Hammond (better known as Blackie.) After doing his bit over seas with the rest of the boys. And he sure must have seen some real battles from what he tells us. And will always carry a remembrance of the great world war as he has a bad skull wound. But he is the same old Blackie, and it sure seems good to have him with us once more.

We also had with us a short time Robt. Gerard, but left a few days ago (guess that he was lonesome for the rattle of the car boxes.)

Well work here is normal, but we manage to keep busy as we have no men idle. We have entered into a new wage agreement with the Iowa City Light and Power Co. Of course don't know how we will come out.

Hoping to have more important news for the next issue will close with best wishes for the Electrical Workers.

Fraternally yours,
A. G. Herdliska,

L. U. NO. 689, DUNKIRK, N. Y.

Editor:

War has been declared. The forces of Industrial and social autocracy are fighting for their very existence against the forces of Industrial and Social Democracy. The first battle of the war has been fought and the forces of autocracy have been victorious. This battle centered on the return of the railroads to private control with a 6 per cent guarantee on billions of watered stock.

For the moment the enemy has had his way, but it will not be always so. Another struggle is now taking place out in Kansas, where Gov. Allen has legalize Slavery for the workers of Kansas. But from all reports the workers are determined not to submit to this vicious and wanton negation of their liberties. Labor throughout the country should rally to the support of the Kansas miners who at present are hearing the brunt of this struggle, for it should be remembered that should the Kansas miners be forced to submit to the dictates of Gov. Allen it will not be long before this same legislation will be introduced into every state in the Union.

Even now Gov. Allen is touring the country in defence of his Industrial Court law and urging that other states adopt it. We will now turn to Albany capital of the Empire state. Here we have witnessed the action of the assembly under the leadership of that reactionary, Speaker Sweet, expel five Socialist members and thus deny representation to hundreds of thousands of citizens and taxpayers.

This action can not but have serious consequences, for if you deny to the minority the right of representation through the ballot, you take away from them the only peaceful means they have to secure the reforms or the innovations, which they desire and leave them only one alternative, violence. The people have it in their power to repudiate all of these actions at the deciding battle of the present campaign,

which will take place next November on election day. In this battle Organized Labor should lead the fight for Democracy.

Labor should endeavor to secure the co-operation of all forces who are struggling for a better day. Let all union men work for one common end to reward our friends and defeat our enemies. Let us all for once forget that we are republicans, democrats, socialists or single taxers and unite under the banner of the Non-partisan political campaign, and thus bring confusion and destruction to the forces of privilege and monopoly. Let no one say. It can't be done, because all it needs is for all to stand together and it is done. Reward your friends and defeat your enemies. By their fruits you shall know them. Remember we should stand together or we will hang together.

Yours truly,
Chas. Costantino,
Secy.

L. U. NO. 817, NEW YORK, N. Y.

Editor:

All eyes are turned on the Railroad Labor Board, now sitting in Washington, and on their decision hinges the increase in wages of the railroad man. This increase has been pending since early last summer, and was slightly met by the grant of four cents an hour, is sadly needed by the railroad workers, inasmuch as their present wage is inadequate to meet their wants, and they are unable to compete with the increased cost of living which is fast mounting, day by day. Higher and higher it creeps, and there seems to be no limit to be reached. The laws against profiteering, if there are any, have been entirely disregarded by our un-American profiteers, and their motto has been, "Get all they can, as quickly as they can." This they have done, and are continuing to do. When will they stop?

At our meeting of April 19th, Bill Smith, our Financial Secretary, was elected as delegate for the Convention of System Federation No. 3, New York Central and Allied Lines, to be held during the week of May 10th, at Cleveland, Ohio. He is an old stagger at the game, and has done good work for Local 817 and we wish for his continued success.

Local 817 is stronger than ever, and is carrying on the fight with as much vigor and vim as any other local in the country. Its grievances are being fought by capable men, and results cannot be had if the members of 817 do not stand by these men who fight their battles. Every one of us must have patience, and a lot of it. Cases that are pending cannot be hastened by any harpings from the members to the men who are handling these cases. Neither can they be hastened by the men who are handling them by their shaking their clenched fist, or brandishing a spiked maul at those who are weighing these cases in Washington. Washington cannot be made to move with a greater speed than they are now moving. Even though you send an army of delegates, the decision will be handed down at such a time, and no sooner. The members should realize this, and thereby eliminate a lot of idle threats and non-sensical talk, and exercise a patience, outdoing the proverbial job. The officers of 817 are in this battle for existence to win, but without the support of the members, this is almost an impossibility. So, let us all make a solemn pledge to ourselves to stick by our local, and abide by whatever our leaders tell us.

With best wishes for the continued success and prosperity of the Brotherhood, I remain,

Fraternally yours,
C. H. DeSanto,
L. U. No. 817. Press Secretary.

L. U. NO. 862, JACKSONVILLE, FLA.

Editor:

As it has been some time since you heard from us will once more try to let the membership know that Local 862 is in existence and holding our own.

Brother Crosby, our delegate to the R. E. Convention at Kansas City brought back a very interesting report and it is pleasing to note how our representation in this department has grown from just a few up to 35 or more that attended this convention to represent the Electrical Workers. Believe me this railway crowd is a live bunch.

In looking over the news in the Worker we find some from L. U. 732 by Brother Trafton, Press Secretary, which was very good indeed only he states in his list of officers that Brother Fred Bridgeman was elected System Chairman which is not correct as there is at present no district council on the S. A. L. Ry. Therefore Brother Bridgeman's jurisdiction extends no further than the jurisdiction of Local 732. I am enclosing you a part of the agreement of the jurisdiction of Locals 862 and 732, so you can readily see we have no general chairman, but sincerely hope that Local 732 will get together with us and form a district council and elect a general chairman.

Extract of Agreement.

Local 732 shall have jurisdiction over all S. A. L. Territory outside the boundaries of the State of Florida and Local 862 shall have jurisdiction over all territory within the boundaries of the said state of Florida.

Fraternally yours,
L. L. Hunt, R. S.

L. U. NO. 873, KOKOMO, INDIANA.

Editor:

As far as I know this is the first article to appear in the Worker from L. U. 873, but never the less will try to entertain the boys, and let our brothers and old friends know we are still hanging away, and slowly but surely getting results. This being a manufacturing town with a hard boiled Chamber of Commerce, very bad conditions have always existed. Therefore under-ground fighting and patient was the only way we could get any where. By these methods we have builded an A1 Local within two or three per cent of one hundred per cent.

The inside men are now sitting tight for one dollar per, about thirty three per cent increase, but as the present agreement does not expire until May 7th, can not say at this writing, as to our future movements, but from the present indications it is one bon, or nothing for us.

The linemen are composing an agreement but at this time have not advanced far enough for full report, but will so next. If Brother "Red" Jonston of Winnipeg sees this he will confer a favor by writing.

This being my first note as press secretary, the Brothers have to excuse me as I have not got onto the line of "bull" as yet.

Chas. E. Davis,
Press Secretary.

L. U. NO. 895, OAKLAND, CALIF.

Editor:

Local No. 895 of Oakland meets every first and third Tuesday of each month in Pythian Castle, 12th and Alice St.

In reading the "Electrical Worker" we notice the absence therein of articles from

many of the Pacific Coast locals. Now all together,—let's make The Electrical Worker a real medium of intercourse, for while articles from Eastern locals are interesting to us it would be a grand and glorious feeling if we could read therein news and comment from Pacific coast locals also.

For some time past the question as to whether or not we should amalgamate our local with local No. 283 has given us a chance to do some deep thinking, however the question has just been answered in the negative by a referendum vote.

The books of our financial secretary and our treasurer have just been audited by the trustees and the books were found satisfactory. Some idea as to the extent of our business may be grasped from a glance at the following figures which show the receipts and expenditures for the fiscal year ending April 1, 1920: Receipts \$5,277.90, Expenditures \$4,730.09.

In an endeavor to beat the high cost of living the Railroad members opened a co-operative store in Oakland at \$5 a share. There is no price cutting but if you are a stockholder you get a rebate every ninety days on all purchases made at the store, and dividends later.

James A. Himmel, our ex-president, is now a benedict. The words of Rube Goldberg expresses us here. "They all flop sooner or later."

One of our members, Walter Packard, was recently knocked down by a "Ford". While Packard got the worst of the fracas, since the Ford got not a scratch therefrom, he is convalescent and the humiliation incurred thereby may finally wear off, but this process would, without a doubt, be expedited if Jack O'Leary should get rid of that little green Ford runabout, the sight of which coming down west seventh street sets Packard to dancing.

Jack O'Leary is our esteemed Treasurer. He is now the proud daddy of a goodlooking baby boy. This is probably the cause of the grin he has been wearing here lately.

N. R. Winsatt,
Press Secretary.

L. U. NO. 948, FLINT, MICH.

Editor:

I would like to let you know of the profound facts concerning Wm. (Bill Britton). His mother lives in Grand Rapids, Mich., although he claims his home at Muskegon. Bill Britton claims to carry a card for twenty-one years. I can't verify it.

Bill Britton, Monty McCullough, and myself were working on the job at the time at the Du Pont Eng. Co. was pulled in Flint, Michigan. Brother Craig, our worthy B. A. pulled the job at noon. Monty McCullough and myself came off. Britton came also, but said he had to go to Grand Rapids to see his mother which he didn't do, but the reverse went back to work the next morning. I picketed the Du Pont next morning, and asked him to come off but to no avail. Britton says Local 948 imposed a fine of one thousand dollars (\$1,000) on him. He told brothers in Lansing, Jackson, Ann Arbor and Kalamazoo to my personal knowledge and where he spread the propaganda later I don't know, but there was no such fine imposed on him and the snake knows it. Bill Britton's fine is \$10.00 for the first seven days amounting to \$70.00, and after seven days a fine of \$300.00 making a grand total of \$370.00.

I personally would like to have the levying of the fine on Bill Britton. It wouldn't be no \$370.00. Money would never clear him in my conscience. He got buffaloed with that big scab herder Gregg, Electrical Superintendent of the DuPont Eng. Co. He fell and he fell hard. Britton is also, since

he went scabbing, is telling all the new scabs that the job was never unfair but was pulled by prejudice. We, the Brotherhood know that Brother Ray Cleary was here when the job was pulled and the I. O. knows it was pulled fair. I am advertising Bill Britton, to every local I come in contact with, and I hope this will be published in the earliest worker. I am writing this in behalf of 948 to Bill Britton. Let the P. S. tell of the local activities.

Bill Britton said he would have a card out of the I. B. E. W. when members of 948 would be in hell. That's one way to look at it, but we aren't in hell yet, and I am sure he is as near there as a man can be. I for one as an individual will ever greet Bill Britton again as a brother, and if my dear old mother in her grave would think I would stoop to do so, she would surely turn over in that grave and say, "Son I disown you."

Hoping to see this in the earliest Worker I beg to remain,

Fraternally yours, Tim J. Sullivan,

Editor:

A few lines from 1013. The representative we asked you to send in here to help us out failed to show up. At that time the Ohio was up to 51 feet and the Mississippi was raising and maybe he could not swim and thought it best to stay away.

I telegraphed you for permission to strike on the 29th of April and the night of the 1st of May the linemen employed by the Cairo Electric & Traction Co., Cairo St. Louis Ry. Co., walked 100 per cent, two of a big strike, but it sure causes a lot of comment.

I had a talk with the Superintendent E. A. Roehry that evening and he wanted us to go back to work and I told him we would be on the job in the morning if he would grant the scale, 80c for foreman, 75c linemen, time and one-half for overtime and double time for Sundays and holidays.

I being foreman (and holding such for the past 8 years and 4 months) he offered me \$150.00 a month and overtime if I would go back. I said nothing doing. Make it 80c an hour or \$166.00 and overtime, 26 working days and I would. He refused, so then I said that I would arbitrate with you with any three business men of Cairo, but he turned it down, and we are still out and to make a living. For my family I am kicking. Box cars around in the M. & O. yards on the extra board and Louis Fisher is way behind in his fishing so he is busy catching cat fish.

The Central Labor Union endorsed our strike. The Traction Co. has two scabs in here, one of them is a B. of R. T. Since they scabbed on the Chicago yard men association, I guess they have to scab on the poor old linemen. The Company is paying them big wages and the Superintendent is keeping them at the city's swell hotel, The Holiday where the Superintendent stays. They could not get into another boarding house in town.

The controller irkers are still on the job but some of them refused to pull a car for the scabs to work on, and the central labor union is going to take it up with the International President and see what we can do to pull them out.

If you get track of that organizer tell him that the Ohio and Mississippi have gone down and that Fisher and I am still holding out against the Traction Co. and would be pleased to see him and I know Fisher would have a big cat fish supper for him.

Fraternally yours, A. P. Mason, F. S.

L. U. NO. 1023, CANTON, OHIO.

Editor:

This is to let you know that Local Union No. 1023 is still very much alive, as there are those who can testify to that assertion should they choose. And to those who do not know we will say that 1023 is a railroad Local with jurisdiction from Alliance to Mansfield, and as we have been pretty successful from the inception of the local in organizing the Electrical Workers at this place. With the exception of one and that one was A. A. Webster, Card 458150. He arrived here on March 8th, and worked as foreman, having a traveling card issued February 19th, 1920, by Local 750 of Pittsburgh, Pa. Good until March 31, 1920, but failed to deposit his T. C. knowing that there was a local that represented this district. After being asked twice to deposit his traveler, he allowed that it was his own individual business what he done with his T. C., and after having some trouble with our authorized shop committee in regards to jurisdiction of work as specified by the agreement between the United States Railroad Administration and the employees represented by the Railway Employers Department of the American Federation of Labor and its affiliated organizations, he was given notice to appear before the local in regard to his aggressive actions against union principles.

Falling to appear the local assessed a fine of one dollar a day for each day he failed to deposit his traveling card beginning March 8th when he started to work in the jurisdiction of Local Union 1023, Article 23 I. B. E. W. constitution, and this is not all of our troubles as on April 11th the shop crafts called a meeting and voted to walk out or off the job at 10 a. m., Wednesday, the 14th, if a schedule of demands such as one dollar per hour for mechanics, seventy-five cents for helpers, double time for Sundays and holidays, the closed shop and various working conditions, which was handed to the assistant master mechanics.

But a few of the cooler and older heads got together and called another meeting for Tuesday evening the 13th, lucky 13th, and persuaded the rank and file that it was not good policy to adhere to our former Sunday nights resolution, and finally got it called off. But let me say in conclusion that unless there is a marked improvement soon in wages and conditions there is liable something to happen that will give the public more concern than a few switchmen walking off the job, as the profiteers are still in the saddle, and not much chance of them falling out or even being pulled out. Something will have to be done and that soon to relieve the situation, as in my estimation it is very precarious.

Fraternally,

Press Secretary L. U. 1023.

L. U. NO. 1045, PAWHUSKA, OKLA.

Editor:

As I got by the censor last month I will try and get a few lines in the Worker this month.

Well, as I said in my last letter, our new agreement was in the hands of the I. O. for approval. So we had notified the contractors to get ready for a little hike in wages as we expected to present a new agreement to take effect April 15 for \$1.25 per hour. So our agreement was delayed and did not get back from the I. O. until April 19. Thursday was the 15th and our week ends Friday night and we get our checks Saturday noon. So when we got our checks Saturday, April 18th, we found our new scale had gone into effect on the 15th of April, so the agreement was presented on the 21st of April and all signed up without a word. I think that is going some for quick action.

I see I made a bad guess when I said the open shop had blowed up in Tulsa, but the Brothers over there have opened a shop of their own and I understand are keeping about forty men busy, but have been having a little trouble getting material. And I tell you those boys over there are going to make those contract shops who are trying to stick with the open shop bunch, sick before it is over with, and from what I hear several are looking a little pale under the gills all ready.

Well, we have three of the Tulsa brothers with us, and are as follows: Brothers Harp, Coss and High Scholander, and they are all working. But building is dropping off considerable for the lack of material and also money I think.

Brothers don't fail to forget your party affiliations whether democrat or republican, and vote for the ones who are for us.

J. W. Twilley, Pres.

L. U. NO. 1073, LIMA, OHIO.

Editor:

Well, as we now have two Locals of the I. B. E. W. in Lima, the Insidemen having taken out a charter of their own consequently we have Linemen's Local No. 32 and Insidemen's Local No. 1073.

Well Brothers I will tell you how it came about. It all happened when the contractors refused in a body to sign an agreement with the men members of Local Union No. 32 and told them the only way it was possible to get an agreement for the year of 1920 was through a different organization other than L. U. No. 32; so the Brothers got together and asked the International for a charter for an inside local and so have presented the honorable contractors with an agreement not from No. 32 but from an all together different source which I think kind of took their breath for we, not one of us, have the least idea that that body of bosses thought we had the nerve to organize a new local but we did Brothers, and are doing fine at this writing. In regard to the contract we do not know what action will be taken yet as we gave them until the first of June to sign up and there has been nothing done so far. Agreements were presented to every shop in the city, also to The Garford Auto Truck Co., where the electricians are 100 per cent organized and also The East Iron Co., which is also a 100 per cent shop and so far there has been but one shop that has expressed a desire to sign up and that is run by a Brother of the organization; he says he will pay the scale and sign up any time. Well, some of the Brothers seem to think we will have trouble before we will be fortunate enough to get signed up while others seem to be of the opinion that there will be no trouble owing to the amount of work the contractors have in this jurisdiction. Word was received here today that the contract for the large new shop now being built by the Garford Mfg. Co. has been let to the Scannell Electric Co. of Toledo, Ohio, and that this Co. is on the unfair list of the Brotherhood in that city, which will cause another rupture in affairs here it is expected before it is all straightened out but we live in hope that we will have to face no other obstacles and if the brother wiremen will promise to stay out of No. 1073 jurisdiction we think we will be able to handle the situation successfully. Hoping we get all straightened out and our agreements signed up by the time this is in print in the Worker, I will close the circuit for this time, remaining

Fraternally yours in I. B. E. W.,

William Barger,

Trustee and P. S., L. U. No. 1073.
